King Edward VII Era – Scott #89-95

328 Colour Portraits of King Edward VII and Queen Alexandra, being prints taken from the publication "Answers" Christmas supplement of 1906. These are in bright and lavish colours, with gold colour frames. A few inscriptions at bottom including "God Bless Them Both!" and "The First Gentleman in Europe", etc. Size of actual images is 225 x 275 mm and pages measure 245 x 315 mm. Much wear and tears around the edges, but most of this could be trimmed off or framed leaving the image intact. Would be a beautiful addition to an Edwardian collection.
