Lots & Collections

THIS SALE

Our front cover has always featured several outstanding stamps. You might have noticed a not so subtle difference in the eight great items on this cover.

For the first time there are no Canadian or BNA stamps. This is not a reflection on our strong Canada session but rather an affirmation of the strength of our offerings from other areas of our great hobby.

Postal history is a field where our consignors are, with each auction, offering increasingly interesting and collectable items and collections. This auction, in addition to many lovely single covers, there are dozens of lots which might easily form the basis for a whole new field of collecting enjoyment. These lots were usually assembled over years and decades as the owner sought out the rare and elusive. The successful bidder can continue and expand the collection. And also can seriously consider developing an award-winning Exhibit. The extensive postmark collections in this session can lead to similar fun and achievement.

In our last auction we described how extensive were the number of cartons, albums, and stockbooks in our large lots session. This time the emphasis is more on collector built specialized offerings as well as generally more valuable and more diverse lots than in the past.

And, by the way, this auction has even more bulk and considerably more lots than last auction.

As a result we have scheduled more viewing days than ever.

One group of 12 lots, the Viner collection, can be found in the catalogue with 2.5 pages of text and scans. However the complete write-up of this collection is more than ten times as lengthy. It can all be found on our website along with extra scans. This is almost certain to be a continuing trend.

We plan to hold our next sale in June 2012. We thank our 56 consignors to this current sale and we look forward to discussing with you and with new consignors how we can help make selling your stamps a pleasant experience.

OPENING BIDS

These can be found on the website soon after the auction is posted on stampauctionnetwork.com. All lots start at \$2 and we are frequently asked why so many lots are still at only \$2 a day or so before the auction (we are asked especially by nervous consignors). We need two bids on a lot to move the opening bid. One bid of \$1000 doesn't do it; a second bid of \$200 results in an opener of \$210. The bids flood in in the last 36 hours. One reason is that many bidders wait to see which lots are "cheap" and then bid on these. Between the last minute bids and an active floor (both live in the room and live on the internet) our consignors are happy. And, some lots are bargains.

Capt. Conrad Charles Viner ARCHIVES/COLLECTION

Capt. Conrad Charles Viner ARCHIVES/COLLECTION

Viner was born in 1880 and died in 1945. He served in the Boer War and returned after to serve with the Cape Mounted Rifles, and spent time in Liberia; his experiences in Africa permitted him to contribute to two significant books, one on the Boer War and another concerning Liberia.

After returning to Britain Viner joined the Frontiersmen, immigrated to Saskatchewan, Canada where he homesteaded for a period before returning to Britain to serve with the Royal Field Artillery as a gas officer, after the War he was with the Occupation Force. While he returned to Canada, the effects on his health of gas attacks made it necessary for him to return to Britain where he was very involved with the British Legion.

Viner was on the Legion's tour of Germany in 1935 and visit to Paris in 1939. He was one of 1200 chosen to be a member of the British Legion Volunteer Police Force that was to serve in Czechoslovakia in 1935. He was a Special Constable for Kent County for nearly 20 years until his death.

There twelve lots contain many rare, unusual and seldom seen items from Captain Viner's long and exciting military-related career. Careful perusal of the contents of each lot is suggested.

Corrections & Updates

AUCTION #9 CORRECTIONS TO LOT DESCRIPTIONS

Last updated Tuesday, February 21 at 10:00am EST

LOT#	Correction
18	Light crease at upper right corner.
62	Has a thin.
63	Light crease and repaired tear.
	Lots 106-110 are numbered differently on Stamp Auction Network and in the print catalogue. We have contacted bidders on these lots and will also announce on the floor specifically which lot is being called, and the number to use to identify it.
195	It is Plate #176 , not Plate #1.
213	NOT light blue.
378	Catalogue value is \$300 (not \$800).
402	An email from a bidder states: "This is a fake, not an imperf booklet error. It is an imperf press sheet smuggled out and cut apart with scissors to make it appear as a booklet error."
453	#O27 has small tear at left side.
458	This lot is #O38, O39, not O78, O79. Image shown in print catalogue subtitled 458 is actually lot 459
468	Add "light overall toning on gum and front of stamp."
476	Print catalogue only ; #FG6 is lot 477. It is labelled correctly in the photo.
470	Print catalogue only ; #FPS23-FPS40 is lot 479. It is labelled correctly in the photo.
476	The gum, which looks original, is redistributed.
521	Stamp is rebacked.
522	Withdrawn.
547	There is slight aging in the left margin above "JO". This is still consistent with Very Fine quality for the issue.

564	The upper left stamp has an internal gum crease.
610	Perfs trimmed at left (not straight edge).
626	NOT Somerset printing.
717	Set is mint hinged .
	France precancels (lot 990-995) are all identified by <i>Yvert et Tellier</i> .
990	Yvert & Tellier #26 mint hinged CV Euro 375.
991	Yvert & Tellier #27 used CV Euro 300.
992	Yvert & Tellier #31 used CV Euro 450.
993	Yvert & Tellier #30 used CV Euro 20 (short perf at top).
994	Yvert & Tellier #60 mint hinged CV Euro 250.
995	Yvert & Tellier #47 mint never hinged CV Euro 35.
1175	Withdrawn.
1196	Withdrawn.
1314	There is a pressed-out crease through the stamps.
1341	Contains c.d.s. cancels, some socked-on-nose.
1367	This lot contains no covers.
1385	Although part of the famous Liechtenstein sale, the authenticity of the cover has been questioned. We have provided a larger scan so that you can be the judge.
1391	Five covers
1422	Mostly fronts.
1620	“Dionne Quintuplets”
1726	Includes approximately \$320 of mint face value.
1791	There are only two inverted watermarks, not 3 (one 5¢ has a normal watermark).
1908	Now in one volume.
2012	<i>New description:</i> “Collection in seven 16-page stockbooks, most value primarily in British Commonwealth, but includes Canada and GB ranging from QV to modern. Also includes other worldwide countries such as France and USA, plus a Stanley Gibbons Devon album containing mint and used British Commonwealth. Mostly fine or better. Est. \$400. ” (See our posting on this lot revision.)

2225 *New description and Estimate:* “United Nations collection in stockbook 1951-1980s, several hundred Israel FDC and miscellaneous in a large carton. **Est. \$75.00.**” ([See our posting on this lot revision.](#))
