THIS SALE

At the time of writing we are still in the grip of the nasty polar vortex which has frozen much of North America. However the longer days are putting smiles on the increasing number of people we see coming in to add stamps to their collections.

Collectors of all levels will find something of interest in this sale. This auction introduces to the stamp collecting community a handful of items not previously known as well as a great many rarities up to and including traditional world-class expensive classics. Every auction our consignors trust us to sell an increasing number of their valuable items. In this auction, a total of 105 consignors have laid out a veritable "candy store" of temptation.

One area that is expanding rapidly is postal history and postmarks. This auction our offerings, especially in Canada and BNA, offer an amazing variety of single and larger lots. A fair number of the items to be offered have been in collections for decades and sometimes are offered for the first time from a correspondence not previously cherished by a stamp collector. The task of viewing these lots will certainly be challenging for our customers who try to view everything.

In Canada we start with one of the rarest Canadian stamps, an unused number one, and it does not go downhill from there. A very fine and never hinged half-penny stamp did not even make it to our front cover. After the auction the winning bidder will be pleased to have a top quality mint pence stamp on page one of his or her album. Top quality continues from the earliest to the latest in Canada. Then, as can be seen on the front cover, B.N.A. has some eye-popping rarities.

Our popular Lots and Collections section has fewer lots than previously but the overall variety and value are comparable to previous auctions. Those who view will find that the median quality of the lots as well as the individual stamps has improved from previous auctions.

We always like mentioning literature and this auction offers hundreds of works not seen in prior auctions. A goodly number of these have been combined in carton lots and will prove interesting to collectors looking for new interests (they may also prove to be a bargain).

Our world wide section offers more lots than usual, as well as some strong USA. This and our British Commonwealth (check out the Rhodesia) round out a strong and diverse auction. We invite you to participate.

We expect to hold Auction 15 in June. Already some expected large and valuable consignments will allow us to offer an interesting selection. We would like to receive consignments before the end of April. Please talk with us about how we can showcase your collection.

Happy stamping

Ian Kimmerly

Front has an Italian flight cachet in blue green, and back has a total of 6 different cancels, including Bonavista, Shoal Harbour, three Italian cds cancels and a St John's registered double circle datestamp. ..... **Scott \$825**

- 41A** ☉ **#5var 1855 6d slate grey Consort**, an interesting variety because during the printing process an uneven application of printing ink resulted in a “short transfer” at left. Stamp has four full to large margins with a stain at lower left and a trivial tiny thin, neither mentioned in accompanying 2014 Richard Gratton AIEP certificate.
 **Unitrade \$2,000**

- 45A** ** **#8 1857 1/2d rose Queen Victoria**, fresh with deep colour and accompanied by a 2014 Greene Foundation certificate “No. 8, mint, O.G., N.H. genuine in all respects.” A lovely stamp with full original gum which is never hinged. Unitrade price is for hinged so a never hinged example should be worth at least twice.
 **Unitrade \$2,800**

- 83A** (*) **#17v 1859 10c brown Consort, Perf 11³/₄**. Unused pair plate position 61 and 62 with the double epaulette variety in left hand stamp. The pair has been crudely hinged to re-enforce the perforations. The 10c is elusive in any multiple and to find an unused pair with this major listed variety is rare indeed. Accompanied by 2014 Richard Gratton AIEP certificate.
 **Unitrade \$3,000**

- 127A** ☉ **#27iv 1868 6c brown Large Queen, Partial Double Print at Right**. This rare catalogue listing accompanied by 2014 Greene Foundation certificate “No. 27iv, used, genuine, slipped point causing slight doubling of design on right side, lower left corner creased.” Unitrade does not list a very fine price. Fine.
 **Unitrade \$25,000**

- 372A** ☉ **#174a 1930 12c grey black Quebec Citadel Imperforate Pair**, mint never hinged and very fine. Accompanied by 2014 Richard Gratton AIEP certificate.

 **Unitrade \$4,000**

Nova Scotia

- 614A** **(*) #5 1857 6d dark green Heraldic**, this stamp has deep fresh colour and four margins. Argenti wrote of this mint stamp as one of the most difficult to obtain in the British Empire. There is a light corner crease primarily in the margin and a small and relatively shallow thin. Unfortunately, someone "painted" over the thin and this obvious repair resulted in the 1996 Greene Foundation necessarily issuing a pink certificate. A lovely genuine mint example of this rare stamp which is a superb example of the engraver's art. (Scott #5 \$10,000, S.G. #6 £10,000).
 **Unitrade \$12,000**

Newfoundland

- 618A** **⊙ #2 1857 2d scarlet vermilion Heraldic, Thick Paper**, a very scarce and expensive issue which is very rare in any multiple. This pair has a deep colour and the cancels are lighter than usually found on the first issue of the colony. It is attractive with evenly spaced margins which are well clear of the design and in places touch or are just into the outer frameline. A world-class rarity in great quality. (Scott #2 \$11,000, S.G. #2 £12,000).

TERMS & CONDITIONS (Please read carefully)

1. The property described in this catalogue will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only). There are no additional fees for payment by credit cards, please provide at time of bidding. Payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.

6. Buyers from Canada will be charged Federal GST or HST. Absentee bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.

7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.

8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

9. Because the descriptions and scans of the auction will be available in a printed catalogue, our website and on Stamp Auction Network, there is a chance of technical error. In that event the auctioneer's decision will be final. If discovered before the sale a notice will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.

10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

11. All lots are sold as genuine. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an

extension may be granted on a lot prior to the commencement of the auction provided that the following conditions are met; (1) the purchase price of the lot must be paid in full, (2) the item must be submitted to the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale, (3) a copy of the application form must be given to Sparks, (4) unless prior arrangements are made, extensions are granted for a period of up to 100 days; (5) if in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100, and (6) lots back stamped or marked are not returnable. Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2014 Unitrade Specialized Catalogue of Canadian Stamps

Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeably with the standard 6 volumes.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$2 - \$30	\$2	\$1600 - \$3000	\$100
\$35 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
		above \$50,000	\$5,000

- 1) Please bid using the increments above. All bids not conforming to these increments will be lowered to the appropriate amount.
- 2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.
- 3) If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and telling you where you stand in terms of other bidders without divulging the high bid. You then have the option of updating your bids. If you bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.
- 4) If you give your bids to Stamp Auction Network, or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. *We do not accept "buy" bids.*

5) The auctioneer may permit telephone bidding during the auction. This must be arranged well in advance of the auction starting time. Sparks reserves the right to refuse telephone bidding at any given time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted. Applicable telephone expenses will be charged to telephone bidders.

6) OPENING BIDS will be available approximately one week before the auction. (With one week to go most of these will be well below the final price). New opening bids will be updated at least daily. If you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this feature allows you to focus on other lots of interest to you. Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$325), or to an approximate figure. This feature allows you to bid with the confidence that you will not be financially embarrassed if you are very successful in the auction. It also allows you to use a strategy of bidding just above the opening bid for many lots with the expectation of winning only a minority of these.

8) With currencies fluctuating as widely as they do it is no longer practical to offer bidding in both Canadian and U.S. dollars. However you can specify the limit of your total purchases in US funds and it will be converted to the appropriate amount on the day of the sale.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. For fastest bidder confirmation, please reference Ian Kimmerly, Sparks Auctions, or other North American auction houses when you create your account. Other details that will help us

quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

Comprehensive internet bidding instructions can be found at: sparks-auctions.com/how-to-bid-with-us/

Corrections & Updates

AUCTION #14 CORRECTIONS TO LOT DESCRIPTIONS

Last updated Wednesday, April 10th, 2014 at 12:00pm EDT

See also our [listing of extra scans](#) which do not appear either in the printed catalogue or on Stamp Auction Network. [Scans for China Lots 1973-1974 are also available.](#)

LOT#	Correction
180	This is the 1876 5c slate green (Unitrade #38) , CV \$750 (not #42).
222	Has two very small stains on gum side at upper right.
226, 230	Author Ken Pugh advises us that these are the works of an unknown forger, not Oneglia.
337	Slight gum bend.
454	Withdrawn (misdescribed).
506	Contains #O272 and O273 (not O9 and O10).
752	The stamp identified as Die 1a is actually Die II on thin paper (ACSC#57) , Scott #170a hinged . The other is Die III, Scott #183 NH, CV\$97.50.
747	There is some perf separation on the 1st row between the 1st and 2nd, 2nd and 3rd, 4th and 5th, and 5th and 6th stamps.
784	This is Scott #7 (on white paper) , CV \$575.
786	This is Scott #7a (deep brown) , as originally described (no change; scan has been redone).
850	The 10/- illustrated online for this lot is SG #164 (CV £425) and not #163 (CV £650). Therefore the catalogue value for the lot is £4,143 (with hinged stamps CV over £2,200).
851	This is not SG #154 but rather SG 153 from position 21 (£120). This can be determined because it has two horizontal and parallel scratches under the King's medals, a flaw not found on SG 154 which

is a later printing and from an overhauled state of the plate in which this flaw was removed.

- 853 This stamp is not SG #162 but rather **SG 161 (£900)** [or possibly **SG 160b (CV £650)**]. It is the 7/6 double head, from the “Long Gash” state of the head plate (SG 160b/161). The first expert we heard from who identified the plate flaws wanted to see this stamp in natural light to determine whether it was SG 160b or SG 161; a second expert identified it as SG 161. [SG 162 would have to be from the “Short Gash” state of the plate to qualify as SG 162. The SG 162 has a much deeper (darker) and brighter blue frame colour.]
- 865 Withdrawn (duplicate lot).
- 913 The Feb. 4 c.d.s. does not specify a year and is **undated**. The letter is internally dated **Feb. 2, 1850**.
- 933 Withdrawn (fake).
- 967 The stamp is **#12 or #12b**, (not #5 as originally identified). We have removed the heavy hinge remnant from the back of the questioned stamp, but could not determine the watermark. The stamp measures 21½ mm which falls in between the listed measurements for #12 and #12b.
- 1066 One stamp is soiled on the front.
- 1074 This is a **Trial Colour Proof in blue-green and black**.
- 1138 Withdrawn (forgery).
- 1146 One of the \$1.50 has clipped perfs
- 1246 Withdrawn (forgery).
- 1253 Withdrawn (forgery).
- 1319 Withdrawn (forgery).
- 1508 Lot contains **110** covers (not 500).
- 1515 Covers are from **Great Britain** (not Canada).
- 1572 There are **51 items** in this lot (not 57).
- 1582 Should be **Colorano** (not Colorado).
- 1710 These are the 1977-1981 Series 1. There is a release 11 (not included in this offering).
- 1730 This book is by **Higgins & Gage** (not Kessler).
- 1817 Coils include #134 (NH strip of four). Will be offered on floor only.
- 1894 Should be #322/902, 1953 to 1981.
- 1973 [See scans in our Image Gallery.](#)
- 1974 [See scans in our Image Gallery.](#)
- 1975 Withdrawn.
