THIS SALE

As per tradition, Sparks Auctions is proud to offer a great variety of philatelic material for all collecting interests and pocket books. In this sale we continue to offer high quality Canada sets and singles plus our usual nice selection of postal history and box lots.

Of note in this sale are one man's lifetime worldwide collection in 100 albums, "The Obie Collection" which includes a fresh selection of People's Republic of mint China in two sections. Also of note are a large collection of Russian postal stationery, a lifetime collection of Federal and Provincial Canadian Revenues, part of the Hendrik Burgers Canadian Military mail collection, a very specialized collection of Germany, States and Possessions, Canadian and Worldwide squared circle postmarks and much more.

We remind our customers that all Scott catalogue values are given in US Dollars (not converted) and that with the Canadian Dollar at an eleven-year low, our American customers have an opportunity to save money on their purchases with the Canadian dollar still dropping in value, currently at 70 cents.

XF Extremely Fine applies to stamps with exceptional quality and margins well in excess of what would typically be found. This term is used rarely and is not applied for modern stamps. The term "Superb" is occasionally used as an adjective in the text of a description.
VF A stamp in superior condition which is well-centered and without fault.

F(ine) Stamps having perforations that do not cut into the design and without damaging faults. Items described as such may have slight detracting features such as short perforation tips or natural inclusion. Many better classic material naturally falls into this category and may be expected to command prices similar to those ascribed by catalogue values.

Pence Issue Scott #1-13**

- 1** **⊙ #1 1851 3d red Beaver on Laid Paper, Imperforate**, used with ideal centrally struck target cancel in black and four enormous margins, showing parts of five adjoining stamps. This stamp previously sold for US\$1,955 at a 2011 Matthew Bennett auction (Daniel Cantor Sale). Insignificant tear in bottom margin, still an extremely fine and fresh stamp and worthy of the finest collections. Accompanied by a 2013 Greene Foundation certificate.

..... **Unitrade \$1,600**

- 2** **⊙ #1 1851 3d red Beaver on Laid Paper, Imperforate**, used horizontal pair, with two target cancels. Right stamp is very fine with four large margins, left stamp has close but clear margins. A lovely pair, accompanied by a 2012 Richard Gratton AIEP certificate.

..... **Est. \$1,250**

- 3** **✉ #1 1851 3d red Beaver on Laid Paper, Imperforate**, on folded letter mailed from L'Original to "Paul Kane, Artist, Wellington Hotel, Toronto" with Kingston transit and Toronto DEC.5.1851 receiver on back. The stamp, which has a sheet margin at right (but faulty) is tied by a red target cancel. Paul Kane was a famous Canadian painter and artist. The folded letter is missing its contents and has been repaired, still a scarce franking and addressee. Accompanied by a 2005 Richard Gratton AIEP certificate stating in part "... the stamp has been removed and re-glued (not in its original position)..."

..... **Est. \$1,000**

Franked with two, 4-margin 3d Beavers (slightly sulphurized), both tied by a black target cancel. One is affected by a vertical file fold, the other is from Position A47 and has a major re-entry and is sound. Accompanied by a 2012 Richard Gratton AIEP certificate stating in part "the second stamp on laid paper has the major re-entry but does not belong to the cover ... was taken off and re-glued in place... the cover is genuine but a stamp was replaced".

..... **Unitrade \$2,000**

- 7** **⊙ #4 1852 3d red Beaver on Wove Paper, Imperforate**, used with 4-ring numeral cancel, four full margins and nice colour, very fine appearance but with light vertical crease.

(APR.25.1855 double broken circle in green) to New York State, franked with a vertical pair of 3d red Beaver imperforate (4 large margins, close at top), tied by two choice strikes of a green target cancel. Three indistinct different datestamps on back. Accompanied by a colour article from Linn's talking about ring cancels and illustrating this cover. Tears on backflap, still very fine and attractive.
.....**Est. \$1,000**

- 9 ☒ **#4 1858 3d red Beaver, Imperforate**, on yellow cover mailed from Montreal (AUG.23.1858) to Woodstock, C.W (AUG.25.1858 receiver on back). - 10 ☒ **#4, 5 1857 3d red and 6d slate grey Imperforates**, on folded letter mailed from Montreal (dated AUG.4.1857 - note spelling on cancel MONTHEAL) to Quebec City. Both 4 margin stamps are tied by 4-ring #21 cancels. A lovely triple weight rate cover, which has had its 3d stamp removed to iron out a crease to improve appearance, then replaced. Ex. Carrington and Daniel Cantor collections and accompanied by a 2011 Greene Foundation certificate. We note that because the stamp was removed to iron out a crease, the certificate is pink as per Greene Foundation regulations.
.....**Est. \$3,500**

- 11 ☒ **#4a 1854 3d brown red Beaver Pair, Imperforate**, on folded letter mailed from Hamilton C.W (JAN.28.1854 double broken circle in blue) to Taunton, Massachusetts. There is an additional CANADA / PAID 10 Cts. handstamp in blue on front. Vertical file folds (away from stamps) and missing letter contents (front only) still a most attractive pair. Ex. Accompanied by a 2014 Greene Foundation certificate stating in part "cover stained and thinned behind top right corner of stamp". We believe the comment "stained" is harsh.

- 389 ⦿ **#9 1867 5c on 3d bright red Surcharged Heraldic, Perforated 14**, used badly misperforated single, with vertical perforations shifted to the left by about 4mm, resulting in part of the left stamp plus part of its surcharge being present. Neat numeral in grid cancel (likely #35), a rare variety.

- 391 ⦿ **#11 1867 25c on 3d orange Surcharged Heraldic, Perforated 14**, used with rare "A06" in grid cancel from British Honduras (Belize City) usually found on GB stamps. Fresh stamp, with bright colour and only a light vertical crease at right, possibly caused by the postmarking device, still probably unique and very fine.

- ✉ **#14 1869 5c on 3d bright red Surcharged Heraldic, Perforated 12½, on Drop Letter Cover**, mailed Victoria BC (c.d.s. dated JUN.26.1896 tying stamp) and franked with a fine 5c stamp. Rough opening at top, resulting in some tears in the backflap (which bears an embossed Star of David), still a very rare franking (this stamp unpriced on cover in Unitrade). Ex. Dale Lichtenstein 2004 Harmer sale where it was described as being one of only four known (two in that sale plus two owned by Wellburn). Accompanied by a 2004 Philatelic Foundation certificate which in our opinion harshly describes "stamp has a horizontal crease at top" (which we cannot see) and "without most of the backflap" (actually only has tears and missing two small pieces).

The Obie Worldwide Collection

The "Obie" Collection of Mint and Used Worldwide Stamps is a lifetime collection the likes of which we rarely see, in terms of completeness and quality. It was consigned to us mostly all neatly hinged in Minkus albums, with almost no "extra" material such as loose in glassines, shoe boxes, etc. Many of the countries offered here are quite comprehensive and will often be presented chronologically with used at first, then mint hinged and sometimes never hinged modern in mounts. The collector paid great care in completing some countries, such as Hungary, Canada, People's Republic of China, Australia, Germany, with States and Colonies, Italy, Mexico, some of which catalogue in the tens of thousands of US dollars. The collector subscribed to new issue services all around the world from about the 1980s to the early 2000s, which is presented in never hinged condition.

- 723** ☉/* **Afghanistan and Iran Collection in a Minkus Album**, with Afghanistan being very sparse, and Iran having stamps from 1876 to 1984, with the value being in the 1942 to 1972 range. There are 4 of the uncommon Hamilton 7-2 cancells on a card and 3 cards. The lot has 35 of the 7-3 to 7-8 Montreal cancells on 22 cards and 13 covers of which 12 have corner cards or are pre-addressed covers. Cancells are VF to F and show a nice range of 1897 and 1898 usages. There is also a Diamond Jubilee 4-7 flag cancel, which is dated June 22 (day of the Jubilee celebrations) on an unaddressed P16 Jubilee postcard. The lot has some mostly small faults and 5 covers/cards with moderate faults are not included in the count. Thorne's updated 2003 CV is \$448.

There is a nice range of cancells showing both two digit and four digit year dates and the quality of these range from very good to very fine. - 907 ☒ **Flags 21. Collection of about 160 Toronto Type 8-17 to 8-22 Bickerdike Flag Cancels**, with approximately 65 of the covers have corner cards or advertising including a Wyld Grasett & Darling showing a large building. The collection seems to have been used for study for the different dater hub/canceling die pairings used at Toronto and contains many CV strikes along with some better time marks such as 1-0am. Some covers have squared circle receivers/transit markings such as a very late JAN.6.1899 Athens, Dunnville, Windsor, and illegible Woodstock, N.B., etc. One card has both a horizontal and vertical "B" flag cancel, and there is a Marks Stamp Co. wholesale price list on the back of an APR.28.1899 postcard. Thorne's updated 2003 CV as normal cancels is \$480+.

The 11-2, 12-2 and 12-3 cancels are on fine to very fine corner card covers, the 11-1 is on a small greeting size cover, the 10-1 is on a P17 1c green stationery card and the 12-1 is on a P18 1c red stationery card. A couple of very small faults so no detract from these choice cancels which are seldom found in this nice of condition. Coutt's CV as C-150 and C1-155 slogan cancels is \$35 each or \$210.

..... **Est. \$100**

- 909 ☒ **Flags 22. Collection of 42 Type 21-3 to Type 37-9 World War I Flag Cancels**, on 23 covers and 19 cards plus a 26-1 and 26-2 on piece not counted in the catalogue value. There are about 35 different flag cancels on covers/cards with extras of a few to show a second unusual use such as different flag/slogan cancels on same cover/card (ie. a 23-12 and 23-13). better include 23-1, 23-6, 23-9, 24-2 used as a receiver on picture side of postcard, 28-1, 28-3, 33-1, 35-3, 35-5, 37-3 cover trimmed at right into margin of stamp, a hub-less Vancouver 23-13, etc. There are some faults which are mostly minor in nature and overall condition is very good to very fine with some selected cancels that are uncommon for these WWI flag cancels. Thorne's 2003 updated CV is \$644.

..... **Est. \$200**

- 910 ☒ **Flags 23. Balance of WWI Flag Cancel Collection of about 145 Covers and Cards ranging from Halifax Type 21-3 to Toronto Type 37-9**, including some less common such as Montreal 22-1 on an American Express 2c stationery card, London 23-6, Windsor 23-14, Brantford 25-1, Vancouver 29-1, Kitchener 30-2 (reduced cover), Vancouver 33-1, Victoria 33-2, Guelph 34-3, Fredericton 33-5 (x3), Winnipeg 36-2, London 36-3, etc. Lot has extra of some to show different dates of use or different usages, along with many VF strikes throughout and some corner card covers. Some covers have mostly minor faults (8 covers with major faults were not counted), and there are many choice VF covers and cards throughout. Coutt's CV would be \$1,000+.

- 912 ☒ **Flags 24. Collection of 13 1927 Diamond Jubilee of Confederation and Two 1934 Port Arthur Semi-Centennial Celebration Flag Cancels**, on 11 covers and 4 cards including 43-1 to 43-8, 44-1, 44-2 and 46-1. The very scarce 43-2 is a normal weak strike on a corner card cover, one of the two 43-3 cancels is a VF free strike on cover, one of the two 43-4 cancels is on a small 5c McGee cover and other dated July 1 is on a postcard with pair of MacDonald 1c stamps, the 43-6 dated July 1 is on a small 5c McGee cover, one 44-2 is on cover and other is a free strike on postcard, both 46-1 are very fine strikes on cover with one on a blue Marshall-Wells corner card cover. A few, mostly small faults but overall covers are fine-very fine and the majority of the cancels are very fine. Coutt's CV is about \$355.

..... **Est. \$200**

- 913 ☒ **Flags 25. Collection of 40 Type 50 and 51 1937 Coronation Flag Cancels**, a type 46-1 1934 Port Arthur flag cancel and 2 type 61-1 1948 Fredericton Centennial flag cancels. On 40 covers and 3 cards. The 46-1 is a choice strike of this cancel and the 61-1 cancels are on postcard and Edwin Payne cover. it seems the Coronation flags need only a North Battleford to be complete and have all of the other better ones such as Charlottetown, Fort William, Fredericton, both London dater hubs, New Westminster, Port Arthur and the 50-13 Regina cancel. There are some faults throughout, but there are also some very fine strikes, 13 FDC cachets and a Hamilton FDC that is postmaster signed. Any duplication is due to a different FDC cachet or different date of use. The Coutts catalogue value is about \$496.

A few small faults but some better dates and time marks, especially the rare cancel from Riviere du Loop.

- 915 ☒ **Flags 27. Collection of About 60 WWII Type 53 and 54 Enlist Now Flag Cancels**, on covers and cards. Extras of some, often to show a different dater hub, year date or deterioration of the cancellation die. Some faults, but generally very good to very fine condition and includes better cancels such as 53-12 New Westminster, 53-20 Sydney, 53-22 Truro, 53-25A (the Windsor Universal flag cancel that was only used during the late June/early July of 1942), 54-3 Trois Rivières, etc. There are a couple of patriotic covers and a couple of covers going overseas.

..... **Est. \$130**

- 916 ☒ **Flags 28. Collection of About 125 WWII Type 53 and 54 Enlist Now Flag Cancels**, on covers and cards. Previous owner was forming a calendar collection of some towns such as London from where about 40% of covers originated, but also included uses from better towns such as Edmonton, Kitchener, Saint John (a 53-18 Hub I cancel with Thorne's latest known use of Nov.22), Windsor, Quebec, etc. Some faults, but generally very good to very fine and includes a couple of censored covers. A great opportunity for someone wishing to continue this research on these WWII flag cancels.

- 917 ☒ **Flags 29. Collection of About 125 Flag Cancels from Montreal 1-2 to Fredericton 61-1**, but with no "Enlist Now" cancels. The collection has 2 of each 1-2 to 1-7, 1-9 cancels to show both the 1896 and 1897 dater hubs, 2 Montreal 4-7 cancels of which one is a partial strike and other is a full strike on CPR letter sheet, 13 different Type 7 cancels between 7-2 and 7-15, 20 mostly different Type 8 cancels between 8-1 and 8-22, a complete but light Ottawa 9-1 and 5 1901 Toronto Exposition cancels between 11-1 and 12-3, but the 12-3 is only a front with pencil notes on reverse. There are about 45 1917/1918 WWI cancels between 21-3 and 37-9 including London 23-6, Brantford 25-1, Vancouver 33-2, Fredericton 35-3 (card faults), etc. Also included are 6 1927 Diamond Jubilee cancels, 2 Port Arthur 46-1 cancels one of which has docketing, 13 1937 Coronation cancels, 2 1939 Royal Train cancels and 2 Fredericton 61-1 cancels. Overall, cancels range from VG to VF with some choice VF strikes while covers/cards are mostly fine to very fine, but there are some faults, mostly minor. There is slight duplication throughout and 30 additional duplicated cancels are included but not listed in the above counts. The strength is in the early material and it is an excellent collection for expansion.

- 1087 ☒ **Canada - Flags 30 Interesting Lot of About 45 WWI On Active Service Postcards and Covers with 1917 Canadian Flag Cancels**, from Halifax, Saint John, Toronto, Hamilton, London, Winnipeg, Vancouver and Victoria. Lot has the normal faults one would expect with material of this nature but majority of items are VG to VF. Some military markings are under the stamps or censor tapes but those visible include 3 orderly room date stamps such as date stamps M6-73, M6-83, M6-155, M6-157, M6-158, M6-159 and M6-188. Another interesting discovery from this lot is that officials at London used 1c stamps on their Field Service postcards while all other offices used 2c stamps(?) Although selected from a flag cancel collection, these should have more interest to a military postal historian due to the military markings, censor markings and other interesting usages such as an OAS card to the U.S.A.

A couple of better items we noted were the NH LR plate block of #465Biv the \$1 with PVA gum on MF paper (CV \$125) with a mint NH #465Biii on LF paper with PVA gum for comparison, plus a NH pair of the #465ii 25c stamp with DEX gum on HB paper (CV \$50). TERMS & CONDITIONS (Please read carefully)

1. The property described in this catalogue will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only). **Please note: Effective August 1, 2014, we will be charging a 2.5% convenience fee to process Visa & MasterCard payments.** Payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.

6. Buyers from Canada will be charged Federal GST or HST. Absentee bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.

7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.

8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

9. Because the descriptions and scans of the auction will be available in a printed catalogue, our website and on Stamp Auction Network, there is a chance of technical error. In that event the auctioneer's decision will be final. If discovered before the sale a notice will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.

10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

11. All lots are sold as genuine. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an extension may be granted on a lot prior to the commencement of the auction provided that the following conditions are met; (1) the purchase price of the lot must be paid in full, (2) the item must be submitted to

the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale, (3) a copy of the application form must be given to Sparks, (4) unless prior arrangements are made, extensions are granted for a period of up to 100 days; (5) if in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100, and (6) lots back stamped or marked are not returnable. It is the purchaser's responsibility not to let this happen.

Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2016 Scott Catalogue Volumes 1 through 6
2016 Scott Classic and US Specialized
2015 Unitrade Specialized Catalogue of Canadian Stamps
2015 Stanley Gibbons 1840-1970 (SG) values in £
2007 or later Michel Catalogues of the World (Mi) values in €
2009 The Canadian Revenue Stamp Catalogue
by E.S.J. Van Dam

Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeably with the standard 6 volumes.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$5 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
\$1600 - \$3100	\$100	above \$50,000	\$5,000

1) Please bid using the increments above. All bids not conforming to these increments will be lowered to the appropriate amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and telling you where you stand in terms of other bidders without divulging the high bid. You then have the option of updating your bids. If you bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

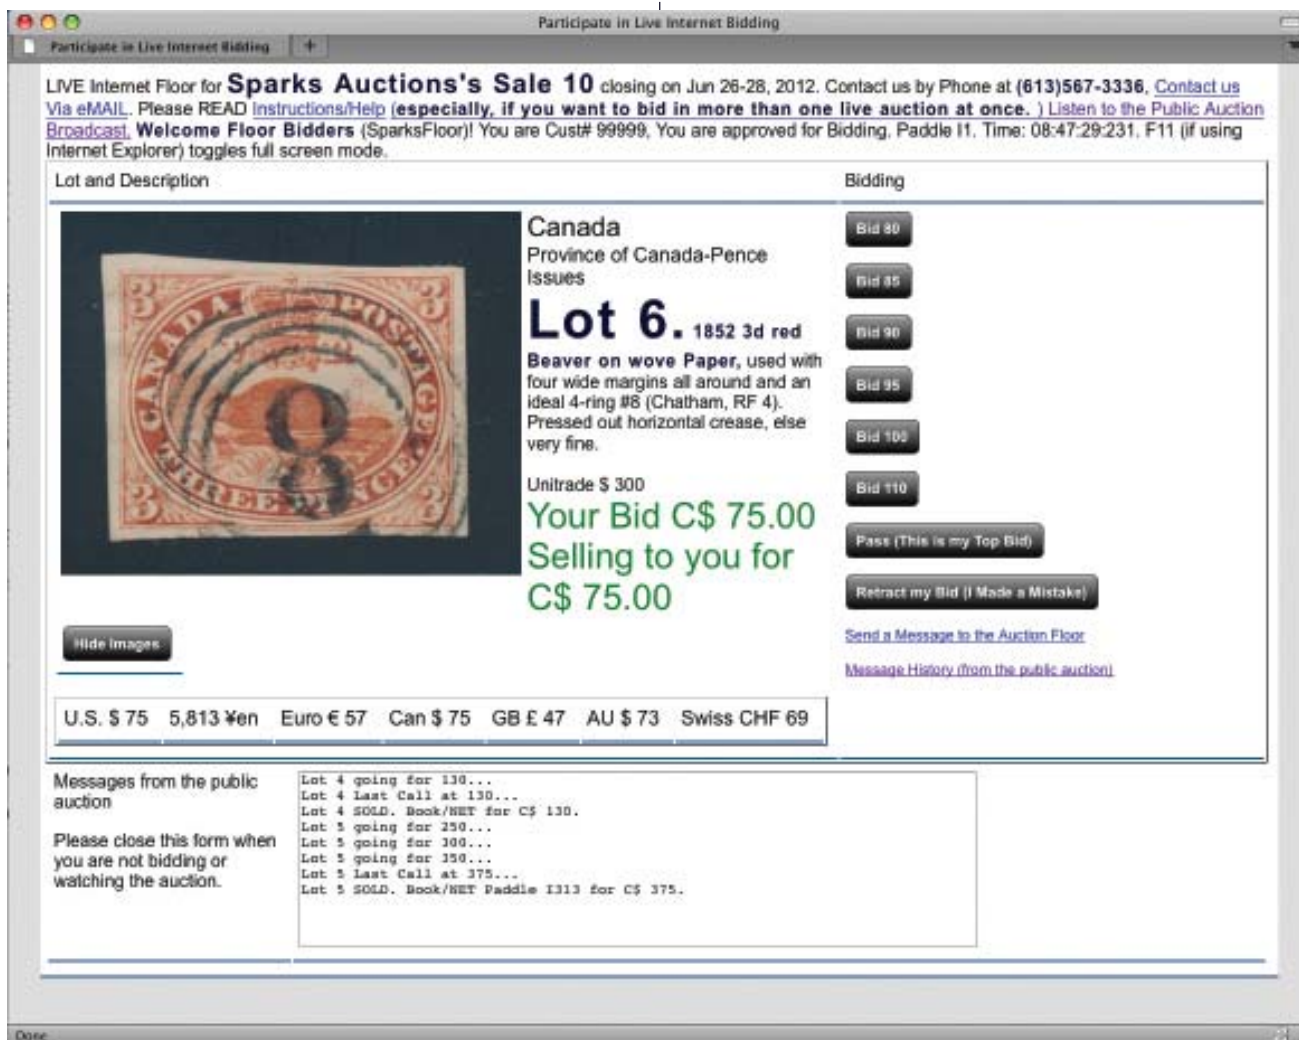

4) If you give your bids to Stamp Auction Network, or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. *We do not accept "buy" bids.*

5) The auctioneer may permit telephone bidding during the auction. This must be arranged well in advance of the auction starting time. Sparks reserves the right to refuse telephone bidding at any given time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted. Applicable telephone expenses will be charged to telephone bidders.

6) OPENING BIDS will be available approximately one week before the auction. (With one week to go most of these will be well below the final price). New opening bids will be updated at least daily. If you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this feature allows you to focus on other lots of interest to you. Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$325), or to an approximate figure. This feature allows you to bid with the confidence that you will not be financially embarrassed if you are very successful in the auction. It also allows you to use a strategy of bidding just above the opening bid for many lots with the expectation of winning only a minority of these.

8) With currencies fluctuating as widely as they do it is no longer practical to offer bidding in both Canadian and U.S. dollars. However you can specify the limit of your total purchases in US funds and it will be converted to the appropriate amount on the day of the sale.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. For fastest bidder confirmation, please reference Ian Kimmerly, Sparks Auctions, or other North American auction houses when you create your account. Other details that will help us

quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.
