**Canada Stampless Folded Letters**

901  **1833 Montreal O.H.M.S. to Québec City Folded Letter**, without contents, but docketed inside January 19, 1833. Rated 2/3 and addressed to Lieutenant Colonel Craig, private secretary to Lord Aylmer, Governor in Chief of Canada. 902  **Weak but Legible 1826 STEAM BOAT Straight Line Handstamp in Italics**, on folded letter written at Quebec on AUG.10.1826 and rated 9d for the 101 to 200 mile distance to Montreal. Maresch and Leggett valued this marking at \$750 in their 1987-88 Canada Specialized catalogue and assign it to Quebec while Parsons indicates his 1826 example was applied on receipt at Montreal. The 1826 example in the Parson exhibit was also rather weak perhaps indicating this is the norm for these markings. Cover has a repaired tear but this is a very scarce early Canadian steam boat marking.

*The following 10 lots were items found amongst the personal effects of John Hay, an engraver with the American Bank Note Co. and also the Canadian Bank Note Company.*

*In 1952 Canada issued a stamp with a similar sort of design of a Canada goose. It appears that John Hay did these either at the American Bank Note Company or more probably working personally on a suggested stamp design for an Air-mail Envelope. This never materialized but a number of John Hay's "experiments" survived. The printing was often printed using unconventional materials which were not submitted for approval.*

*John was an expert in engraving. He appears to have done the printing on the envelopes. But on other items he or someone else was apparently experimenting with printing. The notes that have appeared with the foil items talk about difference in the backing behind the paper or foil when impressed (see Lot 1012).*

*Webb's catalogue does not question who did the engraving but questions who did some of the printing.*

A nice full strike of this cancel from the 7-day trial period (Dec 2-8) when the post Office tested a new Bickerdike canceling machine with an involute flag cancel at Montreal. There is a light crease near the left edge, else a VF cover. Only about 12-15 examples from this short test period have been recorded. In our March 2016 sale, a 5-1 flag cancel dated July 13 on a cover opened on 3 sides and significantly reduced at top (Lot #898) realized \$275, attesting to the scarcity of its commercial use. His mother wrote him this very sad letter 4 months after his death of which she still had not been advised. In her letter she writes "...if I only had news of you big boy my cup of happiness would be full- but we must just wait and pray." and "Well I must close sonny boy. God keep you wherever you are is the prayer of your old mother.". Air letter has the normal markings of a 'MIA' letter and was returned through MPO 304 on JAN.15.1945. Seems the mother might have blackened out the "Reported Missing" handstamp when the letter was returned. Small cover faults do not detract from letter which offers a glimpse of the emotional suffering families endured when their loved ones went off to war, and especially when they went missing in action.

- 1513**    **\*/\*\* Stockbook of Mint**, from Admirals to Wildings, in blocks, plate blocks, pairs and singles, including many high value items plus G overprinted Officials, etc. All appear never hinged, but we note many stamps with gum glazing or similar, due to poor storage, plus a few plate blocks which are stuck together, still a nice appearing lot with high catalogue value.  
..... **Est \$100**

..... **Est. \$200**
- 1521** ☉/\*/\*\* **Collection of 1946 to 1952 Issues**, all mounted on almost 100 quadrille pages in a springback album. This old time collection contains a higher level of specialization than is normally seen, with plate blocks (mostly all matched sets on lower values), used, overprinted and perforated officials, first day covers, etc. The owner catalogued the collection long ago at \$2,198 and we have compared a few of these values with current ones: for example, there is a #272 VFMNH plate block that he put at \$112 which is now valued at \$225. Two #271 VFMNH plate blocks he put at \$25 each are now valued at \$45. A #0271 plate block was \$24 and is now \$72. Two \$1 Fisherman FDC (with better cachets) were marked \$65 each and now catalogue \$90 each. We can therefore conservatively estimate the current value of the collection to be at least 50% more than \$2,198. Nice condition throughout, and the very few faulty or lower values were not counted.  
..... **Owner's \$2,198**
- 1522** ☉/\*/\*\* **Collection of Centennial Blocks and Plate Blocks in Three Stockbooks**, mostly mint never hinged but some with cancels, including first day cancels. We note a degree of specialization, with noted papers, tagging, fluorescence, etc. High catalogue value and mostly very fine.  
..... **Est. \$250**
- 1523** ☉/\*/\*\* **Collection in Minkus Album, etc.** Minkus album with stamps from the Large Queens, including Small Queens, Leafs and Numerals KEVII to 50c, Admirals to \$1 and includes BOB issues. Mostly used to 1947 and then mix of mint hinged and never hinged to 1979. Also a stockbook with hundreds of used stamps, 5c to 45c era as well as mint blocks, etc on loose leaf and stock pages and in small box also approximately 150 first day covers, 1950s to 1978 (mix of Rosecraft and Canada Post). Some faulty stamps noted, though mostly fine or better, inspect.  
..... **Est \$250**
- 1524** ☉/\*/\*\* **Box Filled with Hundreds of Glassines**, containing a wide variety of issues, from Small Queens, Jubilees, Edwards, etc. to about the 1940s, with a few up to the 1980s. Must be thousands in catalogue value, inspection is recommended to appreciate.

Album contains a set of Quebec Tercentenary issues. All mint hinged except the 7c which is used and some extras, some with faults not counted.. CV is \$992 for those counted. Also note used Small Queens, Jubilees and the 50c Bluenose and \$1 Parliament, precancels and revenues as well.  
..... **Est \$300**

**1534** ☉/\*/\*\* #4/762 Valuable Collection of Mint and Used in a Stockbook, 1854 to 1980s, starting with Pence (#4, 4c, 4d, 5, 8, 9, 11, 12, all with some degree of faults), then complete Cents, LQ, SQ, mint and used Jubilees to the \$2. From this point to the 1970s the collection is virtually complete and mostly mint, including complete Leaf, Numeral, Edward and Québecs, advanced Admirals with shades, papers, coils in pairs and some blocks, including paste-up pairs and War Tax issues. All sets to the end also have their coils, usually in pairs and strips, and usually with many varieties, including never hinged. We note many varieties and better items scattered throughout. A nice collection, with some of the expensive items having small faults (usually to the gum), but still a huge catalogue value and offered intact.  
..... **Est \$3,000**

**1535** ☉/\*/\*\* #4/816 Collection of Mint and Used, 1852 to 1970s all in a hingeless album, often with a mint and a used example. Starts with Cents, LQ and SQ, many with faults, but with better cancels, precancels, then Jubilees to the 20c and so on to the 1970s. Strong in back of the book, with air mails, registration, special delivery, postage dues, a few semi-official air mails, overprinted and perforated officials (these mostly used) and a good selection of revenues (some scarce). A nice overall collection, fine or better.  
..... **Est. \$350**

**1536** ☉/\*/\*\* #4/972 Collection of Mainly Mint, in Two Lindner Hingeless Albums, 1852 to 1982, offered intact as received and includes all the good stuff. We note Pence (a #4 was in the #1 spot. Includes a nice 4 margin #8 as well as a very fine #11 plus others), Cents (complete basic used set) and Large Queens (mostly used but with some mint or unused), Small Queens to the 50c (mostly mint), complete mint Jubilees to the \$5 (mostly hinged but some without gum or regummed), and mostly complete mint from then on to the end, and includes coils, usually in pairs, with a mix of hinged and never hinged, although a spot check of some better values revealed they were NH. The collection appears to be all NH from the late 1930s to the end, except for a few exceptions. We also note that centering from 1930 and on is above average with a great number of very fine stamps, especially where it counts. Back of the book is strong, but nowhere near as complete as the main collection. Still lots of value included. A nice collection, rarely offered intact, and worthy to be continued, or broken down. Owner states that his catalogue value of \$33,500 does not take into account any premiums for NH.

Also some small stockbooks and glassines of misc stamps.  
..... **Est. \$100**

## TERMS & CONDITIONS (Please read carefully)

1. The property described in this catalogue will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.
2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.
3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.
4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.
5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only). **Please note: Effective August 1, 2014, we will be charging a 2.5% convenience fee to process Visa & MasterCard payments.** Payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.
6. Buyers from Canada will be charged Federal GST or HST. Absentee bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.
7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.
8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.
9. Because the descriptions and scans of the auction will be available in a printed catalogue, our website and on Stamp Auction Network, there is a chance of technical error. In that event the auctioneer's decision will be final. If discovered before the sale a notice will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.
10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason: Lots containing ten or more items; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.
11. All lots are sold as genuine. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an extension may be granted on a lot prior to the commencement of the auction provided that the following conditions are met; (1) the purchase price of the lot must be paid in full, (2) the item must be submitted to

the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale, (3) a copy of the application form must be given to Sparks, (4) unless prior arrangements are made, extensions are granted for a period of up to 100 days; (5) if in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100, and (6) lots back stamped or marked are not returnable. It is the purchaser's responsibility not to let this happen.

## Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2016 Scott Catalogue Volumes 1 through 6  
2016 Scott Classic and US Specialized  
2016 Unitrade Specialized Catalogue of Canadian Stamps  
2015 Stanley Gibbons 1840-1970 (SG) values in £  
2007 or later Michel Catalogues of the World (Mi) values in €  
2009 The Canadian Revenue Stamp Catalogue  
by E.S.J. Van Dam

Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeably with the standard 6 volumes.

### About Bidding

**Please bid using these increments.  
(All bids are in Canadian dollars.)**

<b>\$5 - \$100</b>	<b>\$5</b>	<b>\$3200 - \$7000</b>	<b>\$200</b>
<b>\$110 - \$250</b>	<b>\$10</b>	<b>\$7500 - \$15,000</b>	<b>\$500</b>
<b>\$275 - \$750</b>	<b>\$25</b>	<b>\$16,000 - \$30,000</b>	<b>\$1,000</b>
<b>\$800 - \$1500</b>	<b>\$50</b>	<b>\$32,000 - \$50,000</b>	<b>\$2,000</b>
<b>\$1600 - \$3100</b>	<b>\$100</b>	<b>above \$50,000</b>	<b>\$5,000</b>

1) Please bid using the increments above. All bids not conforming to these increments will be lowered to the appropriate amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and telling you where you stand in terms of other bidders without divulging the high bid. You then have the option of updating your bids. If you bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

4) If you give your bids to Stamp Auction Network, or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. *We do not accept "buy" bids.*

5) The auctioneer may permit telephone bidding during the auction. This must be arranged well in advance of the auction starting time. Sparks reserves the right to refuse telephone bidding at any given time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted. Applicable telephone expenses will be charged to telephone bidders.

6) OPENING BIDS will be available approximately one week before the auction. (With one week to go most of these will be well below the final price). New opening bids will be updated at least daily. If you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this feature allows you to focus on other lots of interest to you. Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$325), or to an approximate figure. This feature allows you to bid with the confidence that you will not be financially embarrassed if you are very successful in the auction. It also allows you to use a strategy of bidding just above the opening bid for many lots with the expectation of winning only a minority of these.

8) With currencies fluctuating as widely as they do it is no longer practical to offer bidding in both Canadian and U.S. dollars. However you can specify the limit of your total purchases in US funds and it will be converted to the appropriate amount on the day of the sale.

### How To Bid

**Advance Bidding** We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

### Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

### Connect to Stamp Auction Network at: [stampauctionnetwork.com](http://stampauctionnetwork.com)

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

### The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. For fastest bidder confirmation, please reference Ian Kimmerly, Sparks Auctions, or other North American auction houses when you create your account. Other details that will help us

quickly approve you for bidding include:

- \* Credit Card number (Visa or MC, with expiry date and CVC code)
- \* Philatelic references (including eBay reputations, BidStart etc.)
- \* Associations (APS, RPSC, BPA, etc.)
- \* Your own professional website (stamp-related or otherwise)
- \* A valid e-mail address (we will not approve you if your e-mail bounces)
- \* Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

### The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

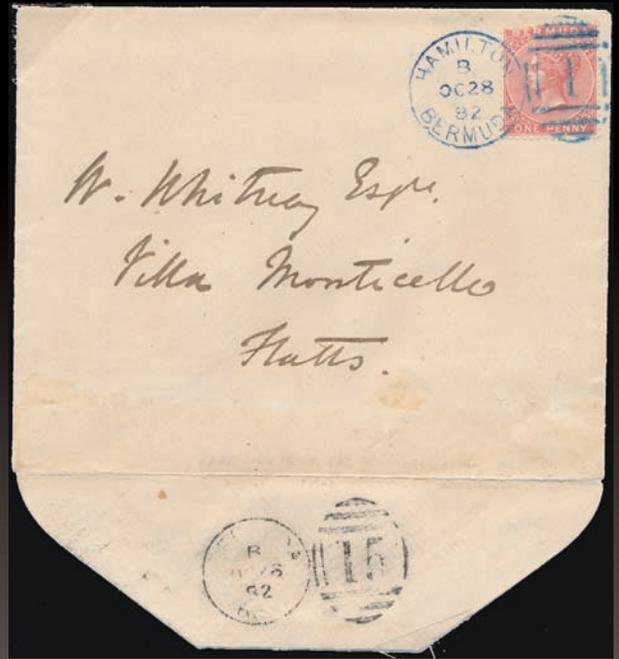

Comprehensive internet bidding instructions can be found at: [sparks-auctions.com/how-to-bid-with-us/](http://sparks-auctions.com/how-to-bid-with-us/)
