# **CBO** **75th Anniversary**

Neil Carleton, Almonte, Ontario

This will confirm your reception of radio station CBO, in Ottawa, on a frequency of 91.5 MHz, from 11:00 a.m. to 10:00 p.m., on Saturday, February 27, 1999, the 75th anniversary of the station.

---

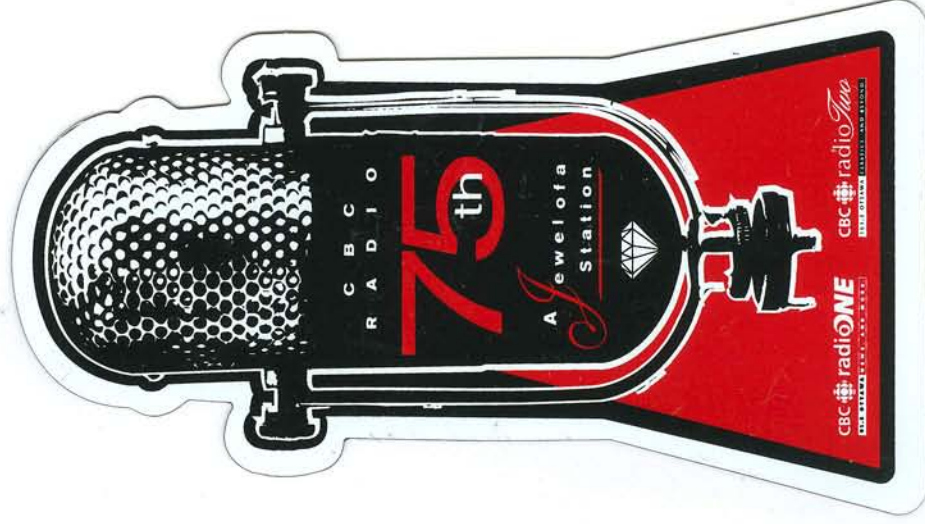

Miriam Fry  
Director of Radio, CBO

1924 CKCH - 1924 CRNO - 1933 CRCO - 1936 CBO

A CNRO listener in 1924 might have received a verified reception stamp from the station to confirm a reception report.

Some CBO listeners in 1999 received a special 75th anniversary fridge magnet as a souvenir from the station.

EKKO STAMPS

Many years ago radio stations in Canada, the U.S.A. and other countries issued a "verification reception stamp", or EKKO stamp, with their QSL card or letter. These colourful stamps were distributed to stations throughout North America and overseas by the EKKO Company of Chicago. The Canadian stamps featured a beaver and the American and overseas stamps had an eagle. The callsign of the station, alone with the words "verification reception stamp", was overprinted on the stamp in either red, blue or black. Some stations issued stamps of their own design and some stations didn't issue verification stamps at all. As early as 1924 the EKKO Company produced an album for collectors to mount their stamps in. It also included a list of all known stations in Canada and the U.S.A. (callsign, location, wavelength), and a radio log to record the reception of stations.
