THIS SALE

Welcome to our Auction 24; it has the best value we have offered so far, with fewer lots and better overall variety.

Of note in this sale are the holdings of two retired dealers. One is offered in its entirety with 120 lots and the other is the first of two parts in 80 lots. We spent many hours sorting and lotting these consignments and hope that their resulting organization will be useful to our buyers. A nice Polar Region collection is offered by country in several lots as well as a seldom offered Radio topical collection.

Our Canada and BNA sections are quite strong as usual, with many rare and high quality stamps.

Our postal history section contains the second part of the Sammy Whaley Newfoundland postal history collection, the late Colin Pomfret's Canadian military (mostly World War I) postal history collections, a group of numerals in Maltese Cross postmarks on cover, plus many more covers and cards offered either in single lots or groupings.

In our lots and collections section you will find many country collections including a lovely collection of China and surroundings in several lots, strong Great Britain (including one cataloguing \$18k), Italy, Belgium, valuable Germany and more. Nearly \$40,000 worth of face value postage in several lots is also certain to attract many bidders.

As always, we host thousands of high resolution scans online at <https://stampauctionnetwork.com/IK/IK24.cfm> where you can also follow our auction and bid live during the sale. We look forward to your participation!

- 542 ☒ **Flags 1 Toronto 7-16 Bickerdike Flag Cancel dated AUG.10.1897 showing a "15" Time Mark**, on a P16 1c Jubilee postcard sent to Fort William with an AUG.12 receiver on back. Although the card has some light creases and slight aging, this rare flag cancel was used for just 2 days on August 10th and 11th. This example has one of the earliest known time marks for the correct use of this cancel, as when it was used with a "13" time mark on August, it employed an AUG 01 error date rather than the correct AUG 10. An almost full impression of this rare cancel on a very good to fine P16 should be worth Thorne's CV of \$400, especially with its clear image of the "G" and its rather early use on the first day Bickerdike canceling machines were used at Toronto.

- 543** ☒ **Flags 2 Collection of 11 Different Type 43-1 to 44-2 1927 Diamond Jubilee of Confederation Flag Cancels**, also a 45-1 1930 Manitoba Diamond Jubilee flag cancel and a 46-1 1934 Port Arthur Semi-Centennial celebration flag cancel, 10 covers with corner cards and a cut square. The 1927 Diamond Jubilee flag cancels are complete, with the rare Regina 43-9 flag cancel (not listed in the Richardson flag cancel catalogue), tying a #145 12 Map of Canada stamp to a cut square, with a June 29th first day cancel. The very scarce Charlottetown 43-2 is a normal weak strike on a corner card cover, but all of the other cancels are generally in above average condition. Most of the covers have attractive corner cards which are rather scarce for some of these cancels, normally found on postcards from some cities. The 46-1 is a complete strike on a blue Marshall-Wells cover while the very fine 45-1 is on a Knights of Columbus stationery cover. There are a few minor cover faults but most covers are in fine to very fine condition. Coutts CV is approximately \$375 based on a modest \$60 CV for the Regina cut square, of which only about 2 cards/covers and 6 cut squares are known, making it one of Canada's rarest flag cancels.

One letter describes details of her attendance of the George VI Coronation festivities in June 1937. A nice lot, with different frankings, routings (Montreal, Three Rivers, etc.) and ship travels (SS Empress of Canada, SS Empress of Russia, SS Shanghai Mane). The cover is franked with a #303 and 321, was sent via the SS Empress of Canada and has fairly clear dispatch, transit and arrival postmarks. The contents are composed of a lengthy letter, typed on two double-sided pages, which describe the political and social events surrounding Ms. Browett and her husband at the time. Some of what she describes is of a bombing that she survived, which "killed 1,500 Chinese refugees and wounded 2,000 more and killed foreigners". She goes on to say there is propaganda blaming the Japanese but she assures the reader it was the Chinese. She describes how difficult it is to go out of town because of "interference" from the drunk Japanese soldiers. She describes also "some of them [Chinese] are betraying their own people to the Japs for money, selling their own women to the soldiers, giving secrets, etc.". A most fascinating letter, which we have scanned in its entirety on our website. Very fine and see the other lot we offer from the same correspondence.

Also a mid-1930s cover mailed from Shanghai to Chinkiang, air mail, with request to "please deliver on board SS Suiwo". 1057 **⊙ #34/47 Old Time Large Stock of Used Small Queens**, all sorted by denomination, filling stock sheets within two Scott Specialty albums. We counted the following: #34 (x 34), 35 (x 339), 35a (x 4), 36 (x 257), 37/41 (x 2,850), 37a (x4), 38 (x 3), 39 (x 28), 41a (x17), 42 (x 28), 43 (x 17), 44 (x 40), 40/45 (x 30), 46 (x 20) and 47 (x 18). First album is unsorted as to postmarks and has most of the high values, the second has mostly postmarks such as c.d.s., flags, targets, corks, a few RPO, etc. Contains a few unused (no gum) counted as used. All the 3c were catalogued at \$1 each to account for half #37 and half #41, and all 10c were catalogued as #45 but includes many #40. We note a great many shades, mostly counted as cheapest (such as the 8c values), unchecked by us as to varieties, perforations, etc. Many faults as is usual with such a lot, still great for the specialist.

We note pairs, blocks and multiples, mostly all fine centered with some very fine. There are several small faults, mostly to perforations, but also to gum and a few creases, still many sound and useful stamps. Huge catalogue value, inspect.

Canada Postage Lots

1130 ** Collection of Year Books, complete set of from 1977 to 2012, missing only 2004 and includes the Millennium Collection. Collections from 1997 to the end are still shrink-wrapped (except for 2009 which was opened by us to count the face value), and the early ones still have their original plastic envelopes. Face value for all P stamps calculated at their value during issued period, and not current value, so will be higher.

..... **Face \$1,058**

1131 ** Group of Canada Post Quarterly Packs, 1999 to 2015, mostly with two of each pack, except for 2014/2015 (one of each), all unopened and appears to be complete in period. A very useful postage lot, or excellent for completing mint never hinged modern collections. Very fine, never hinged.

..... **Face \$2,035**

1132 ** Shoebox of Modern Postage, mostly in booklets, sheets and panes, majority from the 45c era, with many dollar values, for example with three panes of 4 of the \$8 Bear, etc. Some of the 17c era souvenir books, etc were not counted. A very useful postage lot. Very fine never hinged.

1133 ** Collection on Stock Pages, all on black or manila stock sheets, with fairly modern material, mostly in the 40c to 80c values, including many P and dollar values, many in souvenir sheets, blocks, singles, panes, booklets, etc. Also includes about \$80 worth of 5c to 30c era material and a few G overprints and older stamps (not counted). A useful postage lot.

..... **Face \$1,100**

1134 ** Box Full of Canada Post New Issues, 1980 to 1988, with mostly commemoratives, all still in yellow CPC envelopes, with sealed packs of matched plate blocks, and mostly large blocks or multiples, some sheets, souvenir sheets, as purchased directly from the post office. Most envelopes also contain contemporary FDC of the same issues (not counted in face value). Denominations are mostly 30c to 37c, with many 60c to 72c and only a few dollar values. All mint never hinged and fresh.

- 1135 ** Large Stock of Mint Never Hinged, 1960 to 1980**, mostly filling a thick binder, on 35 stuffed manila pages. We note singles, blocks and plate blocks, with many having potential higher catalogue value, as we noted different taggings, better plate blocks, Centennials, etc. We counted \$610 in face value for only those denominations above 25c. This includes a large quantity of 50c, \$1 and \$2 stamps, mostly in plate blocks. Also included are 4 Annual Collections in their boxes, from 1984 (x2), 1986 and 1987, (these add up to an extra \$68 in face value) plus a quantity of G overprinted stamps as well as some postage dues and other odds and ends. - 1136 ** Collection of Modern New Issue Plate Blocks and FDC, 1982 to 2000.** A very nicely arranged and displayed collection, in 14 thick binders containing what looks to be all stamps issued in period (except Millennium stamps), with one or more FDC plus a (usually) matched set of plate blocks for each issue, or souvenir sheet, or part sheet, booklet, etc and sometimes a New Issue pamphlet. The FDC are mostly displayed in Hagner 2-row sheets (and often have many combinations of stamps, sometimes blocks, some are signed by artist, etc.) and the plate blocks or other stamps are mostly all in black mounts on album pages. A few corner blocks have no plate inscriptions. We counted the postage only for those stamps denominated 10c or higher, which totals \$3,659. A most useful postage lot for all its high denomination stamps, but could also be a great basis for continuation. Huge original purchase price and even higher catalogue value.
..... **Face \$3,659**
- 1137 ** Collection of Annual Collections, 1976 to 2013**, complete in period, but missing 2011 and 2012. Includes Millennium collection. There are also two copies each of 1979, 1980 and 1981. 2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.
3. All bids are per lot as numbered in the catalogue. Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2017 Scott Catalogue Volumes 1 through 6
2017 Scott Classic and US Specialized
2017 Unitrade Specialized Catalogue of Canadian Stamps
2016 Stanley Gibbons 1840-1970 (SG) values in £
2007 or later Michel Catalogues of the World (Mi) values in €
2009 The Canadian Revenue Stamp Catalogue

Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeably with the standard 6 volumes.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$5 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
\$1600 - \$3100	\$100	above \$50,000	\$5,000

1) Please bid using the increments above. All bids not conforming to these increments will be lowered to the appropriate amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and telling you where you stand in terms of other bidders without divulging the high bid. You then have the option of updating your bids. If you bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

4) If you give your bids to Stamp Auction Network, or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. *We do not accept "buy" bids.*

5) The auctioneer may permit telephone bidding during the auction. This must be arranged well in advance of the auction starting time. Sparks reserves the right to refuse telephone bidding at any given time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted. Applicable telephone expenses will be charged to telephone bidders.

6) OPENING BIDS will be available approximately one week before the auction. (With one week to go most of these will be well below the final price). New opening bids will be updated at least daily. If you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this feature allows you to focus on other lots of interest to you. Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$325), or to an approximate figure. This feature allows you to bid with the confidence that you will not be financially embarrassed if you are very successful in the auction. It also allows you to use a strategy of bidding just above the opening bid for many lots with the expectation of winning only a minority of these.

8) With currencies fluctuating as widely as they do it is no longer practical to offer bidding in both Canadian and U.S. dollars. However you can specify the limit of your total purchases in US funds and it will be converted to the appropriate amount on the day of the sale.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. For fastest bidder confirmation, please reference Ian Kimmerly, Sparks Auctions, or other North American auction houses when you create your account. Other details that will help us

quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

Comprehensive internet bidding instructions can be found at: sparks-auctions.com/how-to-bid-with-us/
