This excise tax was paid charging the St Maurice paper Co. Ltd. of Three Rivers for a transaction valued at \$1,390,000 (over \$19 million today). An exceptional showpiece, in that the largest franking on such a document known is \$100 (as per van Dam correspondence), and in that large frankings are usually only found on much larger sized documents, and this is a complete document which would display quite nicely in a revenue exhibit or album page.
