Lots & Collections

Welcome to Sparks Auctions sale 27. Once again, we are pleased to offer one of our most varied and interesting sales yet, with tempting philatelic material for all collecting interests and budgets.

Highlights of Canada and British North America include a lovely mint Newfoundland collection, featuring an exceptional selection of fresh and very fine items, offered as individual lots. New Brunswick is also well represented with many plate proofs, including a rare full sheet of the storied Connell issue.

Small Queen enthusiasts will find well over 50,000 stamps on offer, from accumulations to specialized studies and postmark collections. We also offer a lovely and advanced collection of choice, used OHMS perforated Officials, offered primarily as single lots. High quality single stamps also abound.

Postal History continues to be strong, with over 500 lots on offer. We are pleased to feature the exceptional New Brunswick collection of George MacManus, as well as the eagerly-anticipated follow-up to the Ted Kerzner Canadian squared circle postmarks, a lovely collection of Canadian mail to and from France, over 40 lots of Canadian military postal history, and much more. We also offer a quality selection of postmarks, including many fancy cancels.

Worldwide stamps are presented in both single lots and county collections, with many highlights from seldom-offered countries and an array of specialized material. Of particular note is an advanced collection of Tibet, featuring many rarities and unusual items, as well as a further installment of the popular British Commonwealth perforated SPECIMEN stamps of the 1930s.

Sparks Auctions is always proud to offer a number of clean and useful postage lots. Many of these are "ready to use", having already been sorted by denomination and are presented with complete inventories, saving the successful bidders many hours of organizing.

We also continue to offer an industry-leading selection of images online, with this sale having over 3,000 individual high resolution scans. These images – including many of larger lots and collections - can easily be viewed at stampauctionnetwork.com. As always, Sparks Auctions will offer live internet bidding through the Stamp Auction Network platform, allowing collectors from around the world to enjoy the benefits of live-bidding during the sale.

We at Sparks Auctions take pride in our meticulous approach to philately, from our in-depth descriptions and careful lotting to our emphasis on high-resolution, detailed images. I would personally welcome the opportunity to discuss with you how Sparks Auctions can assist in the sale of your philatelic material.

Enjoy the sale!

The Online Tagging Database lists variety tagging at left (G2aL) at \$20 each and at right (G2aR) at \$10 each, so an average of \$15 each would catalogue \$1,935. Also includes 7 pairs where the score line did not completely traverse the paper, making them appear as imperforate between (these all have either one or two tag bars but were not counted as part of the above group). Last but not least is a vertical strip of 5 of the 8c blue Queen Elizabeth II Caricature issue (#593) with vertical perforations shifted slightly left, making for only one thick tagging bar appearing at left and no bar at right (these catalogue \$25 per stamp by the Online Tagging Database, G2aL). - 428 ** #149a/488a Collection of Never Hinged Booklet Panes**, all neatly displayed in black mounts in an album, usually showing the booklet covers beside the panes at first, then showing open booklets. Many of the early panes were catalogued as fine centered, then mostly all very fine. There is some duplication because of the way the panes are displayed, and we note some better Centennial-era booklets with paper and tagging varieties, etc. We also note four very fine panes of #195b (cat \$600), etc. A few 1950s panes have not been counted (marked as "N/C") as they have faults, and we also did not catalogue the few 1960s used panes included. A very clean collection with 113 items in all.

- 522 ◎/⊙/⊛ **Large Accumulation of Mostly Used Revenues and Back-of-the-Book** with well over 1000 items on album pages and stock pages. Starts with 400+ Bill Stamps FB3/FB51 (includes faulty FB34), then 150+ Custom Duty FCD1/FCD9 (no FCD5), 100+ War Tax #FWT7/FWT18, 100+ Excise Tax #FX1/FX20 (3, all punched), 200+ two and three leaf Excise Tax #FX34/FX138 including some overprints and imperfs. Then some War Savings Stamps including a nice NH block with FWS 9, 10, 13 and 14, Postal Note stamps FPS1/FPS20 (this mint OG), 24 complete cheques with FCH1 embossed stamps, a nice selection of cigarette, cigar and tobacco stamps (30) and strips (16), a few provincial revenue stamps (NB, NS, ON, PE and QC) and other sundry items such as MNH Canada Unemployment Insurance #FU 99 and FU102. Back-of-the-Book issues include several 100s Postage Due J1/J20, including some mint, with a large proportion being faulty, as well as 3 stock pages of Admiral War Tax Stamps #MR1/MR7 (no MR2B, C or D). Includes some mint items, some NH, scattered throughout. Overall quality is mixed with many nice items as well as many items with faults, some severe, especially in the Postage Dues. Still a valuable lot that deserves careful inspection.

Also includes a US 1926 long strip, a sheetlet of four 1988 Québec Wildlife Conservation stamps and two stock cards with 18 various provinces revenue stamps (these alone catalogue \$37 in van Dam) and finally a set of four rouletted reprints of CL42 Yukon Airways, in different colours (Unitrade \$25).

- 525 **#FWS1-4 var Poster Depicting the Image Appearing on the 1918 War Savings Stamps**, being an image of Ypres in 1915, from an original drawing done by Sir Bernard Partridge for *Punch* magazine. This is an ad published by General Motors of Canada on behalf of the Victory Loan in 1941 which depicts an "In Flanders Fields" poem, patriotic text and the image used on the War Savings stamps of 1918. It measures 28.5 x 44.5 cm and is fresh and very fine, attached to a card backing. A wonderful collateral item to add to a Revenue collection or exhibit and an ideal companion to the die proof and other War Savings lots listed here.

..... Est \$100

- 526 **#FWS1-4 var World War I War Savings Stamps Poster**, an original poster measuring 20½ x 27 inches, printed and issued by the National War-Savings Committee, Ottawa. These were folded twice to be mailed to post offices for display, and this one appears to have escaped any public display, as evidenced by its gorgeous condition, bright colours and such. It depicts a large \$5 stamp (FWS2) in colour of issue (green) plus nine smaller 25c stamps (FWS1) in brown. This poster alerted the public for the purchase of the 1918 series of War Savings Stamps, as listed by van Dam as #s FWS1-4. A very rare showpiece, which has been stored in a non-smoking and archival environment for the past 100 years. There is a small (insignificant) repair in the lower left margin, else a remarkable poster, in fresh original condition, offered in a rigid top-loader protective sleeve for viewing. Another great addition to the other lots we offer pertaining to this interesting issue.

- 528 ◉ **#FWS2 1918 \$5 green War Savings Stamp on War Savings Certificate**, with English inscription. van Dam values the used stamp at \$1,000 and goes on to say that documents are rare, and in fact this item recently sold at auction for \$2,400. Both sides of document are scanned online.
van Dam \$1,000

- 529 **#FWS5-15 var World War II War Savings Stamps Poster**, an original poster measuring 12 x 18 inches, mounted on heavy card stock (C1S) with counter display cardboard back support. It depicts a soldier holding a \$5 War Savings Certificate and a stamp image showing a 25c stamp plus a chart of prices (eg. \$5 for \$4, \$100 for \$80, etc.). This poster is extremely fresh, with vibrant colours and essentially intact, still in its original mailing envelope, being an OE Kraft 12½ x 18½ inches, stamped "ENGLISH" in lower right corner. The poster has never been opened or displayed and is in pristine condition.

- 531 ◉ **#FX14/FX19 1923 High Value Revenue Cheque**, "no. 135 Stamp Tax Demand Notes and Other papers" from the Bank of Toronto, dated stamped paid on DEC.31.1923. The excise tax was paid by affixing a total of \$556 in stamps, with \$10 (x55), \$5 (x1) and \$1 (x1). Sadly, eight of the stamps have since fallen off. This excise tax was paid charging the St Maurice paper Co. Ltd. of Three Rivers for a transaction valued at \$1,390,000 (over \$19 million today). An exceptional showpiece, in that the largest franking on such a document known is \$100 (as per van Dam correspondence), and in that large frankings are usually only found on much larger sized documents, and this is a complete document which would display quite nicely in a revenue exhibit or album page. Small tears and repaired tear, still fine.

- 532 ◉ **#FX96a 3c blue Excise Tax Coil**, lot of 108 cheques, from 1947 to 1953, 93 of which are franked with a pair of coil stamps, the other 15 are franked with two single coils. Faults on a few only, rest are overall fine or better
van Dam \$1,563

- 533 ◉ **#OV1/OV11 1949-50 On Vacation Pay Book Pages**, with three pages, one is double-sided and each is franked with a variety of denominations (complete from OV1 to OV11 except for missing OV3 and OV9). The cancels on one page each have an error in the year date and should read 1949 instead of 1946. Uncommon and fine.
van Dam \$908

- 534 (*) **#TBT31, TBT34 1908 The Bell Telephone Company of Montreal Booklet**, containing 6 complete panes plus 18 stamps (in an incomplete pane) of the 5c green (TBT31) as well as 1 complete panes plus 33 stamps (in 2 incomplete panes) of the 25c purple brown (TBT34). Unchecked by us for any watermarked stamps (van Dam suggests a premium of 50%). The booklet covers have light edge wear, soiling and a few small pencil notations, still a very rare booklet and stamps are very fine. Catalogue value is for single stamps only.
van Dam \$6,818

- 535 * **#TCP7/TCP47 Collection of Canadian Pacific Railway Stamps, 1894 to 1934**, with 17 stamps in all (a few are duplicated). Also includes a TGN14 and a 1931 brown Western Union Telegraph Company stamp (faulty) not included in catalogue value. Most are mint hinged, about half have small thins due to hinge removal and a few have light creases.

938 (*) #15 1950s 2/3 tr bright indigo Lion Imperforate, Setting IVd, complete unused sheet of 12, being an until recently unrecorded sub-setting of this value. The cliché arrangement is setting IV but is quite unlike any previously recorded sub-settings. Printed in bright indigo on silky Chinese paper, it is thought to be the last printing of this value and dates from the late 1950s. During the middle 1950s there was no call for a stamp of this value and it is believed that the stock of this value ran out, thus necessitating another printing. In all likelihood these were printed in the late 1950s after the Tibetan Post Office stopped carrying mail, but before it was officially closed by the Chinese. It is believed that three values (1/2, 2/3 and 1tr) were printed in this period. A few sheets cancelled Lhasa Type IV are known, and even fewer unused ones. Scarce.

- 1001 Collection of Thomas D'Arcy McGee Letter Transcripts**, with 32 full single-sided pages of transcripts (8.5 x 11 inches), all in pencil, from the 1850s and 60s (he was assassinated in 1868), with some pages containing more than one letter from him. This lot was attached to a cover addressed to Henry Morgan (when he was at the Secretary of State Office some time between 1867 and 1895), with a corner card from "The Citizen Printing and Publishing Co." on Queen Street in Ottawa. These transcripts were presumably sent to him to help in his biographical publications of notable Canadians. Fascinating reading pertaining to politics, life in Ottawa, etc. Way before the days of photocopyers or scanners and from the original "Morgan find".

- 1002 Collection of Historically Important Canadian Documents and Letters, 1860s to 1910s**, mostly all letters having been mailed to Henry J. Morgan, who was working on the Who's Who of notable Canadians, providing him with biographical information. Letters includes are from Charles Mair (at least 9 letters), Sir Samuel Henry Strong (regarding the early history of the LeBreton family of Ottawa), Nicholas Flood Davin, letters from Morgan's wife and son, letter pertaining to the early history of Greece, Qué, letter pertaining to the history of the Booth family of Ottawa, letter pertaining to the death of Dr. Rankin Hutchison, letter from J.F. Whieaves, letter from George Dawson of the Geological Survey of Canada, as well as various period ephemera such as a folder from the Hall Manufacturing Co in Summerside PEI listing agricultural implements, etc, an 1865 newspaper article on the benefits of a future confederation, an 1864 Canadian Illustrated News broadsheet from Hamilton, a copy of an article titled "Secret Bit of Canadian History being a review of Western Canadian history in the 1870s and 1880s, a 22-page document titled "Sam Slicks Centenary" being a dissertation on the life and times of Thomas Haliburton, signed "a Colonist", several British and Canadian telegraphs and cablegrams and more. Also includes another 25 letters (some with covers with interesting markings/rates) from the 1860s to 1890s, many being Morgan family correspondence. Note an 1874 letter from a child saying that she liked the "great many little presents" left to her by Santa Claus, and noting that what she preferred were "the nice books". A fascinating lot for the historian.

- ✉ **Collection of Henry Morgan Correspondence, 1860s to 1890s**, with about 50 letters (with or without their original covers) plus 20 covers, some free-franked government-related (with good postmark interest, including crown Legislative Assembly, House of Commons, etc), some Small Queens, some delivered by favour, etc. Many of these letters pertain to biographies of Canadians, as Henry Morgan researched and published many books on the lives of famous and notable Canadians. The lot also includes a cover mailed from Montreal to his family in Brockville (where he died) in 1914 containing a lengthy obituary of Dr. Henry J. Morgan from the Gazette newspaper. Finally, we include a small group of documents, letters pertaining to the history of the Ottawa Valley, including a lengthy (8 pages) letter to Morgan describing the early history of Haileybury (with a cover bearing the earliest known date of that postmark AUG 29.1891) and Temiskaming, written by the founder of Haileybury, Charles Cobbold Farr.

- ✉ **1879 Historically Important Letter**. Cover mailed from Fort Benton, Montana Territory on NOV.28.1879 (purple octagonal star duplex, used for less than one year, ties a 3c Washington stamp) to Henry J. Morgan in Ottawa (DEC.9 receiver). The 4 page letter inside is datelined 5 days earlier "Fort Walsh, 23rd Nov 1879" and was written by Morgan's brother William, an early constable of the North West Mounted Police (regimental #191), who is describing the difficulties of living and working at Fort Walsh. He writes "I am now on the most dangerous duty chopping wood with another, five miles from the Fort. Of course we carry our rifles revolvers chuck full, but we are just as liable to be shot in the back, as poor Graham was. If you know the boy's people you can tell them that every man here longs to avenge him - and aim to on the first opportunity..." he goes on "I want to get out of this Fort, for in plain English it is the damndest fraud ever perpetrated on the people of Canada...". Henry Morgan, upon having received the letter forwarded it to Sir John A. Macdonald writing on the cover "Dear Sir John, Please return when you have read this" and the back of the cover has the reply "Dear Morgan, Thanks - your brother appln came I have got his discharge. (signed) JAMD". The online Mounted Police database (LAC) reveals that he was discharged on June 17, 1881. Fort Walsh was intended to curb the illegal whiskey trade, protect Canada's nearby border with the United States, and aid with native policy. It served as the NWMP headquarters from 1878 to 1882. The letter in its entirety and both sides of the cover have been scanned online.

- 1009** ☒ **Collection of Ottawa Valley Historical Correspondence**, with seventeen long letters, written by Robert Smith to Henry Morgan, describing in detail the life in the Ottawa Valley. These are dated from April 1893 to November 1894, plus another from 1896. All but nine still have their 3c Small Queen covers attached, mailed from the towns of Balsam Mill (mostly all, including the earliest reported date for this post-mark), and Douglas, and many of the letters are datelined Admaston (covers have faults). The letters are all fairly lengthy with detailed descriptions on a wide range of subjects, and are fascinating to read. A historically important lot, and we have scanned one letter as an example.

A strip of three 1c cancelled by fancy corks on an 1875 cover from House of Assembly Ontario crown cancel (weak) to Morgan in Ottawa with letter still inside. Large part of an 1880 cover is franked with a 1c, 3c and 5c paying the triple weight rate. An 1883 OHMS 3c cover from Halifax on Dept of Marine and Fisheries stationery with letter inside, an 1896 Russell House drop letter (with stains, franked 2x 1c) with Ottawa squared circle (Type I), with Russell House letterhead letter inside, as well as many other letters, notes and clippings talking about William Mackenzie, as well as three other covers, including two 1c rates. Est \$100

- 1020** ☒ **#77 1901 Cover with Contents from Sir Sandford Fleming.** The cover was mailed from Ottawa on DEC.23.1901 to Henry Morgan on Bank Street (very fine). The content is a folded 4 page letter on "Winterholme / Ottawa" embossed stationery (Fleming's estate in Ottawa). In this historically important letter, Fleming explains, among other things, how he helped save Queen Victoria's painting in the Legislative Assembly fire of 1849. Fleming says that the painting was removed from the frame and that once out of the building it was carried by others. He mentions here the names of Curran and McGillivray who are known to have helped save the painting. This disputes the story that philatelists have been telling that Sandford Fleming took the painting home, rolled it up and used it to design the 12d. and then returned the painting to the government of Canada. The letter is missing at least one page, that including his signature, which Morgan probably added to his collection of famous signatures. The cover is docketed with the name of Sir Sandford Fleming, which is what Morgan often did. He also wrote on it that an acknowledgement was sent the next day on December 24th.

Carried by the Allan Line *Norwegian*. This is interestingly one of the only nine covers franked with the correct 17c rate to France, as listed in Arfken and Leggett's *Canada's Decimal Era, 1859-1868*, even though this rate was in effect from July 1, 1859 to 1870. There is a small internal tear in the centre of the front side, still a rare franking and an appealing cover. Valued at \$1,000 in Firby's *The Canadian Posted Letter Guide*.

- 1028** **1869 Newfoundland to France**, a stampless folded letter (with letter in French inside describing life in Baie Blanche, the sinking of a ship there, comings and goings of ships, etc.) mailed from Twillingate (JUN.5.1869), through St Johns (JUN.28), then London (red c.d.s. JUL.26, a month later), with British accountancy marking "GB / 2F" (Salles #3047), then Calais (JUL.26) and finally St Briec (JUL.27). Interestingly, the letter was written on MAY.26 and took two full months to get to its destination. Very fine and interesting.

- 1029** **1873 pre-UPU Cover to Dunkerque France**, mailed Peterboro on AUG.11.1873, through Montreal, then London (AUG.26 in red), entered France at Calais on AUG.27 and finally arrived Dunkerque (receiver but unreadable date). This cover is franked with a 1c, 3c and 6c Small Queens, prepaying 10c for a quarter oz. letter. There is also a manuscript "3" denoting a British transit claim from Canada. Carried by the Allan Line *Samarian* from Québec City to Liverpool. We have only ever seen one other such franking, in a 1996 Maresch sale, and this one is much nicer. A lovely three colour franking on a very fine cover.
..... **Est \$1,000**

- 1030** **1873 pre-UPU Double Weight Cover to Nantes France**, mailed Montreal on NOV.7.1873, through London (NOV.19), has a "Paris à Bordeaux" datestamp (NOV.20) and then a Nantes receiver (NOV.20). There is a manuscript "6" for the British transit claim. The cover is franked with a pair of 2c and two 6c Small Queens (all perforated 11 1/2 x 12) paying the proper rate for letters over 1/4 oz and under 1/2 oz. The backflap has a blue oval advertising for "A. Lechevallier / Naturaliste / Montreal, P.Q." Carried by the Allan Line *Samarian* from Québec City to Liverpool. Small tears at right do not detract from this lovely and very fine cover. Provenance: Simpson (1996), Menich (2000).
..... **Est \$1,250**

- 1031** ✉ **1877 pre-UPU Cover to Vésinet France**, mailed from St Hyacinthe Que on FEB.23.1877, through London (MAR.7), with Calais entry c.d.s. probably dated MAR.8 and same day receiver of Vésinet on back. Franked with three 3c and a 1c Small Queens, all tied by fancy cork "R" cancels (which did not denote registration). The letter was carried by the *Peruvian* from Halifax (Feb.24) to Liverpool (MAR.7). Halifax had replaced Portland, Maine for Allan Line winter sailings beginning with the 1876-77 season. Unobtrusive tears on backflap, still a very fine cover. When the newly formed General Postal Union adopted 15 grams (½ ounce) as its basic letter weight in 1875, Canada responded by adopting the same weight structure in January 1876. The letter rate remained 10 cents, but now per half ounce, for mail carried by Canadian packet.

- 1032** ✉ **1877 pre-UPU France to Canada Redirected**, a folded letter mailed from Paris (Place de la Bourse JUL.5.1877) to Québec City (JAN.20 receiver on back) through London (JUL.6 PAID transit on front, plus an orange crayon "1d"). The letter was then forwarded to Rivière du Loup en Bas, by adding a 3c Small Queen, tied by a Québec duplex on JUL.20. The letter was finally received there on the same day. A lovely three-colour, dual country franking on a folded letter (no letter inside), with a vertical crease and tear at top, both not affecting the stamps or the pleasing visual aspect. Letters are scarce to rare from France to Canada in this period, and this one is no exception, especially with its added interest.
..... **Est \$1,500**

- 1033** ✉ **1886 Shortpaid Double UPU Cover to Bordeaux France**, mailed from Québec City on FEB.15.1886, endorsed "per Cunard Steamer" and franked with a single 5c Small Queen which was shortpaid by 5c, as the weight would have been too great. 5c is equal to 25 centimes, times double deficiency make 50 centimes, franked in France with a 10c and a 40c "Duval" type postage due stamps. This is a front only, and has a horizontal crease and a bit of staining, still these do not detract from the exotic nature of this cover.

- 1057** ✉ **County Lovely Grey County Postal History Exhibit**, put together long ago by the late Jim Kraemer, and always left intact since then. This exhibit has 96 pages (6 frames) and is on good quality A4 paper. The towns are presented alphabetically from Allan Park to Yeoville, followed by railway post offices of the area. We counted 105 covers or cards, mostly dating from early stampless to the Victorian era, with a few up to QEII. The collector visibly sought only the best quality strikes and items for each town, and has written each page up with opening and closing dates of the post office, a photocopy of the back (or front) as well as good reproductions of the postmarks. There are too many rare items to list here, but we have chosen a small selection of scans to give the general flavour. Additionally, all pages have been scanned and can be seen on the Sparks Auctions website at sparks-auctions.com/auction-27/kraemer. Some items of note are manuscript (pre-postmarking instrument) markings, Large Queen covers (including two addressed to Sir Sanford Fleming), fancy cancels, many early and late dates (several not reported until now), illustrated advertising covers (some in full colour), a 6c Small Queen bisect (properly tied, to UK) and much more. Viewing is highly recommended to appreciate the exceptional quality of this collection / exhibit. Also included is a group of 108 covers and cards which have not been mounted yet (some faults on a few of these).

Strikes vary from partial to very fine, all are scanned online.

1233 **⊙ Collection of Canada Wide on Stamps**, with a group of about 45 old Art Leggett pages, each with a number of stamps from a wide variety of towns, with many different denominations including several 1c SQ strips, 5c SQ, 8c SQ, 3c Jubilees, Numerals, Leafs, etc. We note better towns such as Moose Jaw, McLeod, etc. Also a red box about half full of 102 cards with similar material to pages, with many multi-frankings on piece, many Type I cancels, with hundreds in all. Probably 25 to 30% of the strikes in this lot are partial, still a very useful lot for those willing to inspect for better items.

1234 **⊙ Old Time Collection on Pages and Stock Sheets**, with over 900 stamps, showing precursors, Type I and Type II squared circles. Many are fully dated, including lots of socked on the nose strikes and some are partial. We note strikes on stamp and or piece mostly, with 1c, 2c, 3c values mostly, with some 5c, 6c and 8c values as well, and we note a strip of six ½c values on piece with Leamington strikes dated AP 15/95. Many items are identified with town, date and RF, and we have left the collection intact. There appears to be a good variety of different towns, with not much duplication, except for a few dozen each of towns like Toronto, Ottawa, etc. A nice collection, viewing is recommended as there may be finds in here. 1235 **⊙ Accumulation of Older Collections**, with mostly Small Queens (½c to 5c), but also a few Jubilees, many numerals Leafs and even saw an Admiral (War Tax), all on 9 stock sheets plus over 40 various album pages, a glassine and some 102 cards. We note precursors plus Types I and II from a wide variety of towns and totally unchecked by us as for better towns, strikes, varieties, etc. Close inspection recommended as there may be finds in this one. Many hundreds in all.

1236 **⊙ Large Lot of Squared Circles on Small Queen Stamps**, all in a cigar box and great majority off paper, we estimate about 4,300 stamps, based on weight of stamps (173gr). This lot has a little of everything, with all the types and many different towns. We note mostly 3c SQ, but also other denominations such as 1c, 2c, 5c and 8c, plus a good number of Leafs and Numerals and a quick scan revealed at least an Edward as well. Strike quality appears to range from very partial to socked on the nose. Totally untouched and unchecked by us as to better strikes, varieties, errors, dates, etc, so there may be finds as these were accumulated by a collector who did not specialize in squared circles. Careful examination is therefore recommended. (property of a different vendor)

The #31 (RF 10) could possibly be a superimposed 1 and 3, as there is evidence of two grid strikes. A lovely and rarely offered group, with an enormous catalogue value as stamps only. Ex. - 1352**  **A Worried Mother's NOV.22.1944 Air Letter** to her son who had already been "KIA" on July 19, 1944. F/O Kenneth Urquhart was killed in action when his Halifax bomber #LL364 of 138 RAF Sqn collided with a US bomber on a supply drop. His mother wrote him this very sad letter 4 months after his death of which she still had not been advised. In her letter she writes"...if I only had news of you big boy my cup of happiness would be full- but we must just wait and pray." and "Well I must close sonny boy. God keep you wherever you are is the prayer of your old mother.". Air letter has the normal markings of a 'MIA' letter and was returned through MPO 304 on JAN.15.1945. Seems the mother might have blackened out the "Reported Missing" handstamp when the letter was returned. Small cover faults do not detract from letter which offers a glimpse of the emotional suffering families endured when their loved ones went off to war, and especially when they went missing in action.

- 1418**  **Great Britain Collection of Early Postal History, 1783 to 1879**, a lovely and rarely offered collection, the first part being mounted on quadrille pages from 1810 to 1879, starting with Two Penny Post, then Penny Post, with many different postmarks, rates towns and routes, there are sections on England and Wales, Ireland and Scotland. This part (on pages) includes 38 covers or folded letters, 11 of which are stampless, plus another 131 stamps or pieces selected for quality strikes. The second part contains unresearched loose material from 1783 (three folded letters) to the 1840s, with about 40 covers or folded letters (incl a few fronts), most before 1820. Lastly, there are some pages of postmarks (mostly numerals) on about 180 stamps from the 1870s to 1890s. Many covers and folded letters have their contents. Way too many better items or postmarks here to list, but we have scanned about a dozen for online, and viewing is highly recommended.

Unchecked by us as for early or late dates, or other indicia errors, etc. All the cards appear to be franked with a ½d green KGV, and overall very fine. We have scanned a representative 4 pages online.

Waterfall only records usage from Lhasa though most printings were sent to the 4 main post offices at Lhasa, Gyantse, Shigatse and Phari. Combination covers during this period are quite scarce. The stamp is tied by a poor strike of Shigatse Type XI Native Fret, indistinct Gyantse Type B-4 and Calcutta receiver. Unusual forwarding handstamp reads "P.O. Gantse (Tibet)". Very fine and rare.

Canada Back of the Book Collections

- 1661 ☉ Lovely Collection of Used Back of the Book on Hingeless Ka-Be Pages.** The collector was careful to select nice, clean stamps, with emphasis on them having choice town cancels, including many socked on the nose and mostly all postmarked in period. The collection includes complete air mails, the special delivery is missing one stamp, and a good selection of War Tax, 2c and 5c registration (with duplication), G and O.H.M.S. overprinted Officials and postage dues. A nice collection, with nice clean stamps and postmarks, most stamps are very fine centered. We have scanned a few pages only, as an example. Scott catalogue value for this collection is \$454. Also included (but not catalogued) are three Manilla stock pages full of backup stock, which include some better issues and a few nice postmarks.

Nice quality and overall fine or better with a high catalogue value.

We catalogued all the mint stamps as hinged only, as a spot check of about a dozen revealed they were hinged, but there are probably some never hinged included. A nice, clean collection with fine to very fine centering overall.

The other album is a Lighthouse binder with slip case and computer generated pages, with mainly mint hinged stamps from 1979 to 2004 (cat \$1,248), with very few empty spaces, then a group of mint never hinged up to 2009 in stock pages. This album also contains material from 1870 to 1926 were there are a few hundred stamps not counted in the total catalogue value, plus pages for 1927 to 1965 with a mixture of mint and used stamps (these catalogue \$1,870). 1783 ◎/ */ ** Jamaica Specialized Collection of War Tax Issues, all mounted on old time quadrille pages from two different collections, all bought at Harmers of NY in 1951 and left in the original envelope since then. An advanced collection, with mint and used (many never hinged), singles and blocks, plate blocks, etc. All issues are represented, with a multitude of overprint varieties, mostly described, and includes many of those listed in Scott plus some only listed in Stanley Gibbons. We note inverted, missing letters, letters replaced manually, slanted letters, missing periods (stops), very light or over-inked strikes, at least one double impression (Scott U\$140), letter variations, surface-coloured stamps (white back variety), and much more. A quick spot check revealed an SG 72c (£200) in a pair with normal, SG 68d (used £35), Scott MR6c (\$225) in a pair and a number of varieties cataloguing in Scott in the \$15 and \$100. There are a few examples of a vertical slash in front of the word WAR or in between the words WAR and STAMP which are not listed. Many of the varieties are in pairs or larger multiples with normal stamps. There are a little over 400 stamps included. Because these were stored for so long, the colours are all quite bright and fresh. A nice collection with a high catalogue value..

We note many used blocks of four, post offices in China and Korea. The #179-187 is complete and several strips of 2 or more make the series more attractive. Lots of mint and used Parks issues, but no souvenir sheets. Lots of value in the prefecture issues and includes souvenir sheets, booklets, strips and more. One stockbook has hundreds of mint and used Prefecture issues, with many from the 1990s, etc. A nice and clean collection.

1880 ☉/* **Worldwide Hundreds of Mint and Used in Old Time Two Albums**, with some value noted in US, France and Newfoundland and includes US Columbians to 10c with duplication, French commemoratives from the 1930s, Newfoundland 1897 set with 3c to 6c values, potential for finds in cancels, varieties, etc. Unfortunately there are adherence problems and with some of the mint, caused by poor storage, plus an overall musty smell, especially to one of the albums. Still a good amount of useful stamps, and if soaked and dried would be a nice group.
..... **Est \$100**

1881 ☉/* **Worldwide Interesting Accumulation in a Medium Box**, includes Iceland #153 in an imperforate block of 28 (with some damage - see scan), plus a mix of many other countries, although Germany predominates. Lots of blocks or 4 or larger, note a GB #140 (\$225), an interesting publication with labels inside titled "Tydol Flying Stamp Album of American Aviation" and more. Inspect to better appreciate.

..... **Est \$150**
- 1884** */☉ **Worldwide Old Time Collection in Three Volumes**, with stamps up to the 1940s, all extensively researched and written-up on black album pages, with many of the stamps depicting famous people or events. Majority of the stamps are mint and recently catalogued by owner at about \$3,000. A lovely collection, with each volume containing countries Danzig to Hungary, Iceland to Portugal and Rhodesia to Zanzibar.
..... **Est \$300**

Also note US face, Germany mint including souvenir sheets, and covers, mint France, Swiss semi-postals and lots of smaller countries such as Trieste and Tanna Tuva. Inspection is recommended in order to better comprehend the scope and value included in this lot.

Another album has a range of slightly better material such as the DDR 50pf Mao stamp, Australian Roos and Heads, Ireland airs and blocks scattered throughout. Another small album has interesting early used France and Colonies, with many better postmarks, newspaper stamps, etc. Inspect.
..... **Est \$100**
- 1889** ☉/*/☒ **Worldwide Several Hundred Stamps in a Medium Box**, all loose, on piece, in stockbooks and in glassines, with emphasis on Finland, Germany and Russia, with lots of duplicated used from about 1900 to 1920. Opportunities for better cancels, we note several nice covers including two Karjala (see scans), two Swiss and one Finnish censored covers, several Finland FDC, etc. Albums and stockbooks contain many stamps with scotch tape stains, so inspection is recommended, still lots of useful material included.

There are many Netherlands FDCs, three Swiss "Société des Nations", some flights and some postal stationery. Many covers have been roughly opened. Inspect for possible finds.
..... **Est \$100**
- 1892** ☉/*/☒ **Worldwide Box with Hundreds of Stamps**, loose, on piece and on cover. Range is from 1900s to 1990s and many of the stamps and covers need "a bath" as they have a musty odour. Noted better items such as Bavaria #87*91 (used, \$320), Luxembourg semi officials (several \$14 values), used 1930s Italy and a Germany Zeppelin (C37) on cover but a Belgium souvenir sheet (B317) stuck on top of it. A used Japan collection on a large poster, with stamps ranging from #1 to #87, plus some face Canada.

Overall very fine.
..... **Est \$150**

- 1897 **/☒ Extensive Collection of Disabilities Topicals**, with blindness, deafness, physical disabilities, Paralympics, crippled children and much more, all in 8 binders of stockbooks, plus a shoebox with just covers and cards. There is a wide variety of subjects covered here and a great lot of material, and we note the essential topical requirements for an exhibit, such as postmarks, stamps, covers, souvenir sheets, proofs, die proofs, maxima cards, research material and much more. We note some items signed by Rick Hanson, Dr. Jonas Salk. Part of this lot is an exhibit which has been shown, and which has since been going through several new changes, with new material, etc, so this whole lot is a work in progress, just waiting for someone to put it together and exhibit it. A lovely group of material, with very nice quality throughout and high replacement cost.

The average number of pages contained in each album is about 40, and most are two-sided 4-pocket pages, for an approximate total of over 2,800 different items. A lovely and clean collection, put together after several years of care and attention and well worthy of continuation, although it might prove difficult to find items not already present.

TERMS & CONDITIONS

(Please read carefully)

1. The property described in the catalogue and on the internet will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only; there is a 2.5% convenience fee to process Visa & MasterCard payments). Cash/Cheque payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.

6. Buyers from Canada will be charged Federal GST or HST as applicable in their home province. Bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.

7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.

8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

9. Because the descriptions and scans of the auction will be available in a printed catalogue, on our website and on Stamp Auction Network, there is a possibility of technical or other error. In that event the auctioneer's decision will be final. If discovered before the sale, corrections will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.

10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned to us within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason:

- Lots containing ten or more items;
- Any lot described with "faults" or "defects" may not be returned because of any fault or defect;
- No lots illustrated either in our printed catalogue or online may be returned because of centering, margins or other factors shown in the illustrations, including easily visible flaws;
- It is normal for postal history items to have small faults including but not limited to minor nicks, pencil notations on back, edge and backflap tears, and slight reductions consistent with commercial usage. Folded letters should be expected to have at least one file fold. While we strive to mention more significant flaws, condition issues such as the aforementioned are not grounds for return. Items being offered primarily on the basis of the postmark are not returnable on the basis of flaws to the underlying item.

11. All lots are sold as genuine. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an extension for expertization may be granted on a lot provided that the following conditions are met:

- (1) The purchase price of the lot must be paid in full;
- (2) The item must be submitted to the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale;
- (3) A copy of the application form must be given to Sparks Auctions;
- (4) Unless prior arrangements are made, extensions are granted for a period of up to 100 days;
- (5) If in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100; and
- (6) Lots back-stamped or marked by the expertizing committee are not returnable. It is the purchaser's responsibility not to let this happen.

SHIPPING INFORMATION

Unless specific other arrangements are made between the buyer and Sparks Auctions, lots will be shipped in the following manner:

Within Canada:

- a) Single or multiple lots that fit into one or more regular EXPRESS POST envelopes will be shipped by that method with signature required. These lots will be charged postage only but not a handling, packaging, or insurance fee.
- b) Cartons and larger lots will normally be shipped by parcel post or FedEx with signature required. If bulky lots have a value in excess of \$1000 they will be shipped by EXPRESS POST with signature required. This category of lots will usually be charged an additional handling or packaging fee.

To the USA:

- a) Single or multiple lots will be sent by Fed-Ex with signature required and no extra handling, packaging, or insurance fees.
- b) Cartons and larger lots will be shipped by UPS ground or FedEx Ground with signature required. This category of lots will usually be charged an additional handling or packaging fee.

Overseas:

- a) Single or multiple lots will be sent by Registered or Xpress Mail with signature required and no extra handling, packaging or insurance fees.
- b) Carton and larger lots will be shipped by pre-arrangement only. We reserve the right to not ship to areas of the world not served by Fed-Ex.

Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$5 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
\$1600 - \$3100	\$100	above \$50,000	\$5,000

1) Please bid using the increments above. All bids not conforming to these increments will be rounded to the nearest amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) **BID CONFIRMATION & OUTBID NOTICES** If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and, without divulging the high bid, telling you which lots you are winning on at that moment. You then have the option of updating your bids. If you have bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

4) If you give your bids in advance to Stamp Auction Network or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. We do not accept "buy" bids.

5) The auctioneer may permit telephone bidding during the auction. This must be arranged before the day of the auction. Sparks reserves the right to refuse telephone bidding at any time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted or does not have reliable service. Long distance telephone expenses may be charged to telephone bidders outside of North America.

6) **OPENING BIDS** will be available on Stamp Auction Network and are updated in real-time. These show the bid that is one increment over the underbid (second-highest bid). In our experience, most of these will be well below the eventual hammer price, even immediately before the sale. Opening bids are updated constantly as new underbids are received. They are provided as bidding advice only; if you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this knowledge allows you to focus on other items of interest. Opening bids are not final or audited and Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$500). This feature allows you to bid with the confidence that you will not overspend your budget if you are very successful in the auction. It also allows you to use a strategy of bidding on many lots with the expectation of winning only some of them.

8) Because of currency fluctuations, we are not able to offer bidding in U.S. dollars. See XE.com for current Canadian dollar rates.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. For fastest bidder confirmation, please reference Ian Kimmerly, Sparks Auctions, or other North American auction houses when you create your account. Other details that will help us

quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

Comprehensive internet bidding instructions can be found at: sparks-auctions.com/how-to-bid-with-us/
