Things are going very well here at Sparks Auctions, with each auction surpassing the last, in realizations, new customers and lovely material consigned. This sale is no exception, and offers our usual very wide variety of material for all collecting interests and budgets, all in an unprecedented four day event.

Day one starts off strong with the John Hillson collections. These include Small Queens of Canada, Canadian revenues issued in the Small Queen era, British Commonwealth King George VI era stamps and postal history (including Canada), as well as an advanced collection of Great Britain Line Engraved stamps and postal history, including early Scottish postal history. Mr. Hillson only collected the highest quality material, obtained during a period of over 40 years.

Day two of our sale is devoted to postal history of the world, featuring the Andrew Liptak (Philcovex) collection of Canada, Netherlands, GB King George VI and more.

Day three is devoted to our usual extensive Canada and BNA offerings, with 750 lots from classic to modern material, featuring the "Windsor Park" comprehensive collection including better modern varieties, the extensive "Ames" collection of Admiral issues in just under 300 lots, advanced Centennial offerings, and more.

Day four will include our popular lots and collections of the world, including a collection in 220 volumes offered intact by country or region, a massive worldwide collection in 93 Global Master albums offered intact as one lot, many retired dealer lots, part one of the Jerry Olysnickj holdings in 75 lots, and more.

Don't forget that all our sales are conducted in Canadian dollars, with an industry low 15% buyer's fee. We also proudly note that all lots which have been protected by the owner have the notation "Rsv" in their descriptions, which denotes a minimum starting bid. All other lots start at \$5 and are unreserved. Those who cannot attend our viewing sessions are invited to view our over 10,000 high quality scans online at stampauctionnetwork.com. We also encourage you to visit our website at sparks-auctions.com for updates, amendments and other useful information.

Enjoy the sale, and please contact us if we can be of any assistance!

SYMBOLS and ABBREVIATIONS

**	Never Hinged with original gum (NH also used)
*	Hinged with original gum
(*)/UNU	Unused without gum as issued or having gum fully removed.
o.g./OG	Original Gum (p.o.g.= part original gum)
⊙	Used (includes full range of postally used, cancel-to-order, precancels)
XF	Extremely Fine applies to stamps with exceptional quality and margins well in excess of what would typically be found. This term is used rarely and is not applied for modern stamps. The term "Superb" is occasionally used as an adjective in the text of a description.
VF	A stamp in superior condition which is well-centered and without fault.
FVF	Applied to stamps that are somewhat less well-centered than very fine, while taking into account what may be considered as typical margins of classic material. The term has also been applied to multiples with individual stamps with range of grade or for larger lots/collections.
F(ine)	Stamps having perforations that do not cut into the design and without damaging faults. Items described as such may have slight detracting features such as short perforation tips or natural inclusion. Many better classic material naturally falls into this category and may be expected to command prices similar to those ascribed by catalogue values.
VG	Very Good Equivalent to "average". Typically with poor centering, heavy cancellation or faults such as minor thins, light creases, etc.
Faulty	Applied to an item with tears, heavy crease(s), unsightly postmarks, serious thins or surface scuffs.
✉	Cover, which here embraces stampless folded letters (SFL), mailed envelopes, first day covers (FDC's) etc.
FDC	First Day Cover
E/P	Essay, Proof, Die Proof
UL	"Upper Left" and used in conjunction with corner of sheet, block or individual stamp. The abbreviations UR LR and LL are used similarly.
c.d.s.	"Circular date stamp" postmark
l.h.	lightly hinged
v.l.h.	very lightly hinged
h.r.	hinge remnant
perf.	"Perforation" tooth descriptor in the context of "short perfs" or perforation measurement in the context of "perf 12.0 x 11.5"
Est.	Our estimate of the final hammer price if there is average competition for the lot.

The Andrew Liptak Postal History Collection

Andrew J. Liptak (1948-2014) was known online as Philcovex, author of the *Postal History Corner* blog.

Andrew was born in Welland, Ontario, and by the age of 12 was preparing his own first day covers. Around 1975, he became fascinated with the markings on pre-stamp and stampless covers. This blossomed into a strong interest in rates and markings, and he decided to concentrate on collecting the postal history of Canada. In the 1990's, in order to promote postal history, he prepared a slide show which was in high demand and circulated through several stamp clubs across Canada. Over the years, he expanded his collection to include Britain's George VI era, The Netherlands (1924-1948), the Philippines, India, Europa, United States, Esperanto, United Nations, Hungary and others. He collected FDC's not only by era but also by manufacturers and design artists. He contacted the designers and/or persons and institutions featured on stamps and got their signatures on FDC's he had prepared.

In 2010, he began sharing his knowledge with the philatelic community online. He started his Canadian blog "*Postal History Corner*" combining the words philately, covers and exhibit to form his playful pseudonym, Philcovex, with the introduction: "Postal History Corner

provides detailed information regarding Canadian postal rates from the 1800s to the present day, as well as a wide-range of articles dealing with Canadian stamps and postal history." By 2012, he had 7,000 views per month on his Canadian blog. He also started blogs on Great Britain, the Netherlands and Philippines, his main non-Canadian collecting interests. He received a regular stream of questions and comments and requests to use his material in countless club publications, in museums and in a Canadian Post Office flyer. He also granted a request by *The Times* newspaper in England to use his 1947 "Lovers' Knot Postmark" royal cover for the special edition covering the wedding of William and Kate. He counselled beginners on how to collect and exhibit, pleased that he could help other collectors and promote postal history, all the while remaining anonymous.

Andy was very inquisitive and constantly posed questions like: "How did the soldiers get their mail on the battlefield without the enemy knowing where they were?" Or, "How did Canada Post handle the delivery of furs from the Hudson's Bay to the Hudson's Bay store in Toronto to ensure no theft took place along the way?" These puzzles fueled his ongoing drive to tell the history of Canada's mail and provided intense satisfaction when he found covers that told the story.

Throughout his work life as a teacher, a lawyer and then in retirement, Andrew's passion for postal history brought him great pleasure and relaxation. The Postal History Society of Canada was his favourite organization and he promoted it whenever he could. His Canadian blog will be donated to them in order to preserve it so it can be used to help collectors long after his passing. As of January 2019, the Canadian blog had received 1,092,328 views, with an average of 7,000 views monthly.

All lots in the postal history section of this sale originating from his collection will have the notation "Ex. Liptak collection".

Historical Canadian Documents

- 601  **1885 Morgan Cover with Content Related to Louis Riel**, mailed to Morgan from Regina ASSA on MAY.7.1885. Cover (quite damaged) was mailed approximately 6 months prior to his death by hanging (16 November 1885), and approximately one week before he surrendered to Federal authorities and placed into custody. Also included is an original photo of Louis Riel ("carte de visite" by Davis and Sons Montreal, damaged at bottom), a short letter to Morgan explaining what was going on at the time, and a cut out newspaper article dated MAY.5.1885 from Regina reporting on the uprising at Battleford, Sask. Great Canadian ephemera for the serious collector. An identical photo (but in much better condition) was recently sold by a British Columbia auction house for C\$600 (but without the provenance documents this lot includes).

An article in the October 1977 Maple Leaves reports that these were produced by the Peterborough Review Printing and Publishing Co. (Ltd.) to commemorate the inauguration of the Imperial Penny Postage and were inspired by the Mulready envelopes of 1840. R.B. Winmill in his book The Evolution of the Penny Postage and The Postal History of the Canadian 1898 Map Stamp states that "Unaddressed De 25 98 covers are at best philatelic, but more probably are outright fakes". We agree that the postmarks on these could be fakes, but there are a number of these exact same covers mailed (from Peterbor-ough) to England or Ireland, and these just happen not to have been mailed. Non the less an interesting conversation piece which is accompanied by a descriptive insert in English and German. Very fine.

- 697 **Extensive Lifetime Collection of Squared Circle Cancellations**, all neatly displayed and described on pages in five binders. The first binder includes Precursors (x37) and Type I squared circles (x106) and the rest of the binders includes Type II (x 1,124) sorted by town and province, with a total of 190 different hammers. Owner counted about 300 covers, and we estimate there to be several hundreds of stamps. Also includes a specialized collection of Morden Manitoba squared circle cancels. An advanced collection, with many rarer items, indicia varieties, advertising covers, with many covers still priced in the \$20 to \$50 range and every binder starts with a checklist of hammers it includes. The strikes range from full to partial but identifiable. See scans for a small idea, but we recommend careful viewing to better appreciate the value involved.

- 882 ☒ **Cape of Good Hope 1890 Cover Addressed to "The Highly Honoured and Well Renowned and Famous Queen A. Victoria"**, mailed from Robertson, Cape of Good Hope on JAN.21.1890 (free strike of c.d.s.), with four strikes of #25 grid obliterator canceling four 1d stamps (folded over top, and paying the 4d rate in effect from 1888-1890) and addressed 146 Queen Victoria Street, London, England. Back has a Cape Town JA.22 c.d.s. and London FE.10 receiver. According to Charles Verge, former RPSC President, "all covers addressed to Queen Victoria were to be stored with their correspondence unless the Queen gave her Ladies in Waiting special permission to keep them, and very few are in public hands". Bit of overall toning, still very fine. A rare cover, the first we have handled, and would be a great addition to any royalty or Cape of Good Hope collection.

- 998 PC Lot of Approximately 1,800 Postcards**, from the Edwardian Era to the mid 1970s. It appears that slightly more than half of them are used and were mailed from a variety of countries before the 1950s. We noted some topical postcards such as lighthouses (about 100) and greeting cards (about 200) with Christmas, Valentine etc. We noted many real photos, black and white and much more. Some have creases or rounded corners but the majority are fine to very fine. See scans for glimpse of content but close inspection is highly recommended.

- 999 PC Group of Approximately 160 Canadian Postcards**, from the early 1900s to the early 1970s. About 80% of the items are prior to 1960 and we estimated that about half were postally used. We noted a few greetings and silk postcards as well as some black and white, real photos and much more. Some have creases or were previously glued but the majority are fine to very fine. See scans for glimpse of content but close inspection is recommended.

TERMS & CONDITIONS
(Please read carefully)

1. The property described in the catalogue and on the internet will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only; there is a 2.5% convenience fee to process Visa & MasterCard payments). Cash/Cheque payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.

6. Buyers from Canada will be charged Federal GST or HST as applicable in their home province. Bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.

7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.

8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

9. Because the descriptions and scans of the auction will be available in a printed catalogue, on our website and on Stamp Auction Network, there is a possibility of technical or other error. In that event the auctioneer's decision will be final. If discovered before the sale, corrections will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.

10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned to us within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason:

- Lots containing ten or more items;
- Any lot described with "faults" or "defects" may not be returned because of any fault or defect;
- No lots illustrated either in our printed catalogue or online may be returned because of centering, margins or other factors shown in the illustrations, including easily visible flaws;
- It is normal for postal history items to have small faults including but not limited to minor nicks, pencil notations on back, edge and backflap tears, and slight reductions consistent with commercial usage. Folded letters should be expected to have at least one file fold. While we strive to mention more significant flaws, condition issues such as the aforementioned are not grounds for return. Items being offered primarily on the basis of the postmark are not returnable on the basis of flaws to the underlying item.

11. All lots are sold as genuine, unless otherwise noted. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an extension for expertization may be granted on a lot provided that the following conditions are met:

- (1) The purchase price of the lot must be paid in full;
- (2) The item must be submitted to the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale;
- (3) A copy of the application form must be given to Sparks Auctions;
- (4) Unless prior arrangements are made, extensions are granted for a period of up to 100 days;
- (5) If in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100; and
- (6) Lots back-stamped or marked by the expertizing committee are not returnable. It is the purchaser's responsibility not to let this happen.

12. Lots which include the notation 'Rsv' are offered subject to a minimum bid ("reserve"), agreed to between the consignor and Sparks Auctions Inc., below which the lot will not be sold. Any lot which does not meet the reserve will be stated to have been "passed."

SHIPPING INFORMATION

Unless specific other arrangements are made between the buyer and Sparks Auctions, lots will be shipped in the following manner:

Within Canada:

- a) Single or multiple lots that fit into one or more regular EXPRESS POST envelopes will be shipped by that method with signature required. These lots will be charged postage only but not a handling, packaging, or insurance fee.
- b) Cartons and larger lots will normally be shipped by parcel post or FedEx with signature required. If bulky lots have a value in excess of \$1000 they will be shipped by EXPRESS POST with signature required. This category of lots will usually be charged an additional handling or packaging fee.

To the USA:

- a) Single or multiple lots will be sent by Canada Post with signature required and no extra handling, packaging, or insurance fees.
- b) Cartons and larger lots will be shipped by Canada Post parcel post or FedEx Ground with signature required. This category of lots will usually be charged an additional handling or packaging fee.

Overseas:

- a) Single or multiple lots will be sent by Registered or Xpress Mail with signature required and no extra handling, packaging or insurance fees.
- b) Carton and larger lots will be shipped by pre-arrangement only. We reserve the right to not ship to areas of the world not served by Fed-Ex.

Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2019 Scott Catalogue Volumes 1 through 12
2019 Scott Classic and US Specialized
2019 Unitrade Specialized Catalogue of Canadian Stamps
2018 Stanley Gibbons 1840-1970 (SG), values in £
2007 or later Michel Catalogues of the World (Mi), values in €
2017 The Canadian Revenue Stamp Catalogue by E.S.J. Van Dam
Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeable with the standard 12 volumes.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$5 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
\$1600 - \$3100	\$100	above \$50,000	\$5,000

1) Please bid using the increments above. All bids not conforming to these increments will be rounded to the nearest amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) **BID CONFIRMATION & OUTBID NOTICES** If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and, without divulging the high bid, telling you which lots you are winning on at that moment. You then have the option of updating your bids. If you have bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

4) If you give your bids in advance to Stamp Auction Network or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. We do not accept "buy" bids.

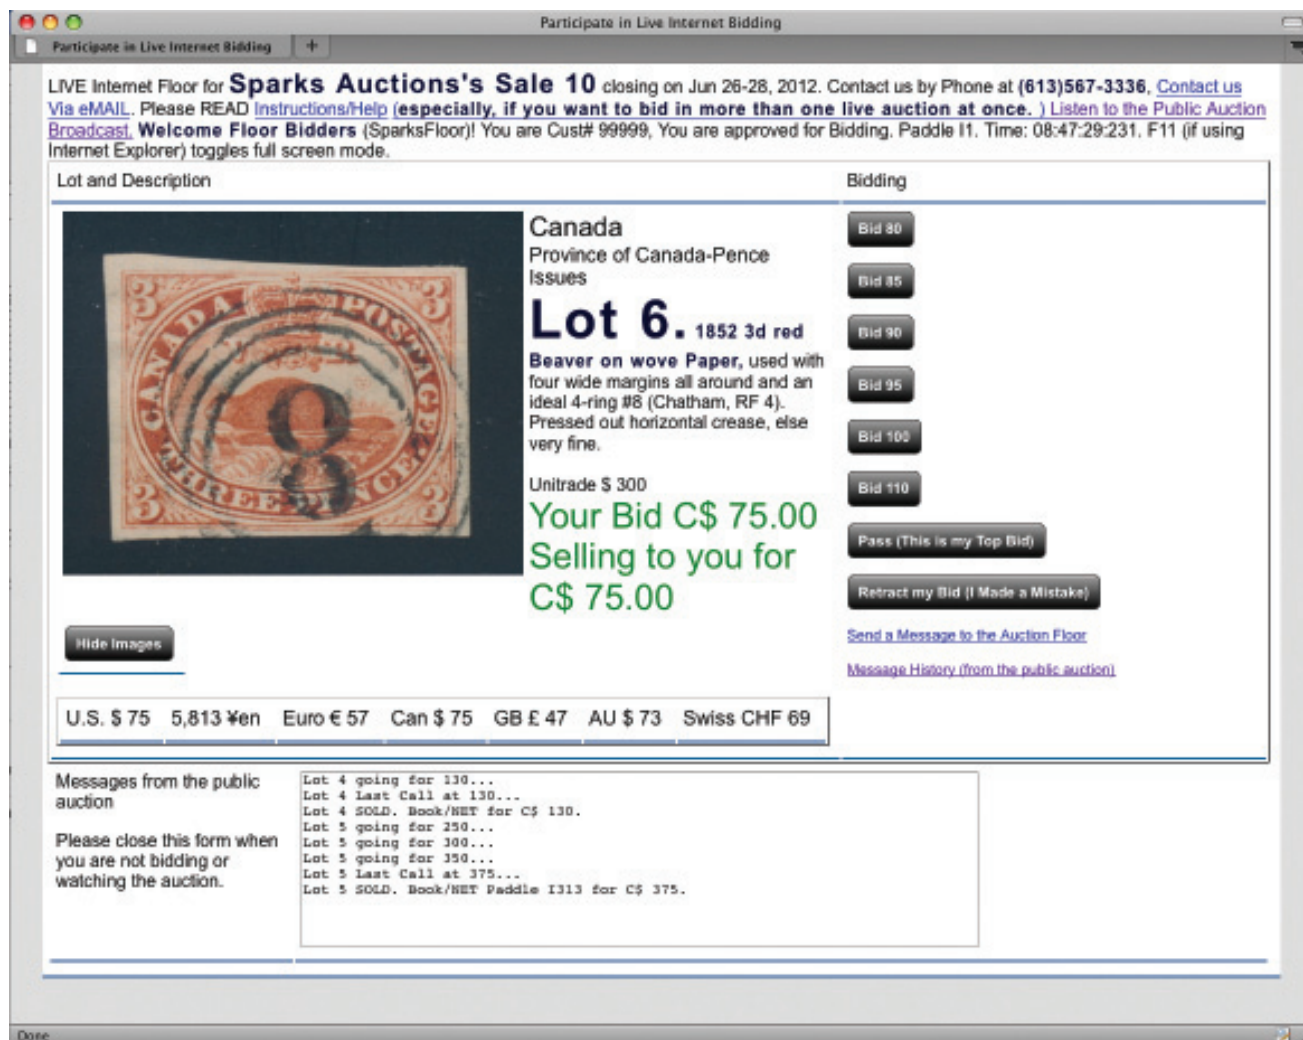

5) The auctioneer may permit telephone bidding during the auction. This must be arranged before the day of the auction. Sparks reserves the right to refuse telephone bidding at any time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted or does not have reliable service. Long distance telephone expenses may be charged to telephone bidders outside of North America.

6) **OPENING BIDS** will be available on Stamp Auction Network and are updated in real-time. These show the bid that is one increment over the underbid (second-highest bid). In our experience, most of these will be well below the eventual hammer price, even immediately before the sale. Opening bids are updated constantly as new underbids are received. They are provided as bidding advice only; if you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this knowledge allows you to focus on other items of interest. Opening bids are not final or audited and Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$500). This feature allows you to bid with the confidence that you will not overspend your budget if you are very successful in the auction. It also allows you to use a strategy of bidding on many lots with the expectation of winning only some of them.

8) Because of currency fluctuations, we are not able to offer bidding in U.S. dollars. See XE.com for current Canadian dollar rates.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made

before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. Other details that will help us quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

Comprehensive internet bidding instructions can be found at: sparks-auctions.com/how-to-bid-with-us/

AUCTION #30 UPDATES TO LOT DESCRIPTIONS

Updated Saturday, May 25th, 2019 at 8:00am EDT.

[Sale posted at Stamp Auction Network](#) on Monday, April 22nd, 2019 at 9:30pm EDT.

LOT#	Correction
19	As is the norm for #26a, we invite the buyer to seek an extension and re-certification of the stamp.
27	This is #30a [not #29a].
77	Cover is shortened about 5mm at left.

103	This is perf 11.85 all around [not perf 11½x12].
126	Cover is shortened about 5mm at right.
148	This is a late state of the “vampire bite” [rather than an early state].
164	This is #42i [not #42a].
165	This is #42a [not #42i].
174	Cover is shortened about 5mm at left.
202	All covers in this lot are from the “ghostly head” plate.
222	Cover is shortened about 5mm at left.
865	These are WWI items [not WWII].
978	All the covers in this lot are from the Netherlands [not worldwide].
1219	There is an extremely light corner crease hardly noticeable with fluid (this crease is mentioned in the accompanying V. G. Greene certificate).
1289	It is our opinion that this stamp has been expertly regummed.
1460	This is 7c value [not 4c].
1461	This is #110d [not #113].
1546	This is a Marler Type ERR2, printed from plate 2 [not an ER01 from plate 1].
1905	This set is Liechtenstein [not Austria].
1949	These are the re-engraved Scott #222-224, with a catalogue value of \$1,275.
1955	These are Scott #77b, 78, 78b and 79 [not #93-95]. Catalogue value is \$520.
2086	Fifty cent Bluenose is lightly hinged [collection described as MNH].
2225	The majority of the booklets have stamps that were cancelled to order (C.T.O.).

TERMS & CONDITIONS
(Please read carefully)

1. The property described in the catalogue and on the internet will be offered at public auction by Sparks Auctions Inc. (Sparks) on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, the bidder acknowledges and agrees to all of the following Terms and Conditions of Sale.

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 15% of the hammer price ("buyer's premium"), together with any sales tax which may be due on the sale.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, the auctioneer's decision shall be final. Sparks will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Unless a bidder has established credit with Sparks prior to the sale, Sparks must receive payment in full before the lots will be delivered. Buyers not known to Sparks must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to a late payment charge of 2% per month. All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are in CANADIAN FUNDS. Payment may be made by bank draft, bank transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card (VISA and MasterCard only; there is a 2.5% convenience fee to process Visa & MasterCard payments). Cash/Cheque payment in U.S. funds is acceptable at the same rate which Sparks can purchase Canadian Funds at our bank (2.5% percent above the mid-market rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds.

6. Buyers from Canada will be charged Federal GST or HST as applicable in their home province. Bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See shipping instructions.

7. Until paid for in full, all lots remain the property of Sparks on behalf of the seller.

8. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs.

9. Because the descriptions and scans of the auction will be available in a printed catalogue, on our website and on Stamp Auction Network, there is a possibility of technical or other error. In that event the auctioneer's decision will be final. If discovered before the sale, corrections will be posted on sparks-auctions.com. Opening bids will be available on the websites and will be updated. These are only provided as a service to bidders and Sparks does not guarantee their completeness or accuracy.

10. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned to us within 14 days of receipt. All disputed lots must be returned intact with the original packing material. The following lots may not be returned for any reason:

- Lots containing ten or more items;
- Any lot described with "faults" or "defects" may not be returned because of any fault or defect;
- No lots illustrated either in our printed catalogue or online may be returned because of centering, margins or other factors shown in the illustrations, including easily visible flaws;
- It is normal for postal history items to have small faults including but not limited to minor nicks, pencil notations on back, edge and backflap tears, and slight reductions consistent with commercial usage. Folded letters should be expected to have at least one file fold. While we strive to mention more significant flaws, condition issues such as the aforementioned are not grounds for return. Items being offered primarily on the basis of the postmark are not returnable on the basis of flaws to the underlying item.

11. All lots are sold as genuine, unless otherwise noted. If a prospective purchaser wishes to obtain other expert opinion from a mutually acceptable authority, an extension for expertization may be granted on a lot provided that the following conditions are met:

- (1) The purchase price of the lot must be paid in full;
- (2) The item must be submitted to the mutually acceptable expertizing committee with a properly executed application form within 14 days of the sale;
- (3) A copy of the application form must be given to Sparks Auctions;
- (4) Unless prior arrangements are made, extensions are granted for a period of up to 100 days;
- (5) If in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price plus costs of certification up to \$100; and
- (6) Lots back-stamped or marked by the expertizing committee are not returnable. It is the purchaser's responsibility not to let this happen.

12. Lots which include the notation 'Rsv' are offered subject to a minimum bid ("reserve"), agreed to between the consignor and Sparks Auctions Inc., below which the lot will not be sold. Any lot which does not meet the reserve will be stated to have been "passed."

SHIPPING INFORMATION

Unless specific other arrangements are made between the buyer and Sparks Auctions, lots will be shipped in the following manner:

Within Canada:

- a) Single or multiple lots that fit into one or more regular EXPRESS POST envelopes will be shipped by that method with signature required. These lots will be charged postage only but not a handling, packaging, or insurance fee.
- b) Cartons and larger lots will normally be shipped by parcel post or FedEx with signature required. If bulky lots have a value in excess of \$1000 they will be shipped by EXPRESS POST with signature required. This category of lots will usually be charged an additional handling or packaging fee.

To the USA:

- a) Single or multiple lots will be sent by Canada Post with signature required and no extra handling, packaging, or insurance fees.
- b) Cartons and larger lots will be shipped by Canada Post parcel post or FedEx Ground with signature required. This category of lots will usually be charged an additional handling or packaging fee.

Overseas:

- a) Single or multiple lots will be sent by Registered or Xpress Mail with signature required and no extra handling, packaging or insurance fees.
- b) Carton and larger lots will be shipped by pre-arrangement only. We reserve the right to not ship to areas of the world not served by Fed-Ex.

Notes on catalogue values and reference

Catalogue values are listed for most lots offered. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified at the start of the textual description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description. The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of catalogue value.

2019 Scott Catalogue Volumes 1 through 12
2019 Scott Classic and US Specialized
2019 Unitrade Specialized Catalogue of Canadian Stamps
2018 Stanley Gibbons 1840-1970 (SG), values in £
2007 or later Michel Catalogues of the World (Mi), values in €
2017 The Canadian Revenue Stamp Catalogue by E.S.J. Van Dam
Other Specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as Scott interchangeable with the standard 12 volumes.

About Bidding

**Please bid using these increments.
(All bids are in Canadian dollars.)**

\$5 - \$100	\$5	\$3200 - \$7000	\$200
\$110 - \$250	\$10	\$7500 - \$15,000	\$500
\$275 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$50,000	\$2,000
\$1600 - \$3100	\$100	above \$50,000	\$5,000

1) Please bid using the increments above. All bids not conforming to these increments will be rounded to the nearest amount.

2) You have the option to break ties or increase your bids if needed by checking the appropriate box on the bid sheet.

3) **BID CONFIRMATION & OUTBID NOTICES** If you are bidding through the internet, after you have entered your bids you will receive a computer generated email describing each lot you bid on and, without divulging the high bid, telling you which lots you are winning on at that moment. You then have the option of updating your bids. If you have bid by mail or fax you have the option of asking to receive this email by checking the appropriate box and including your email address.

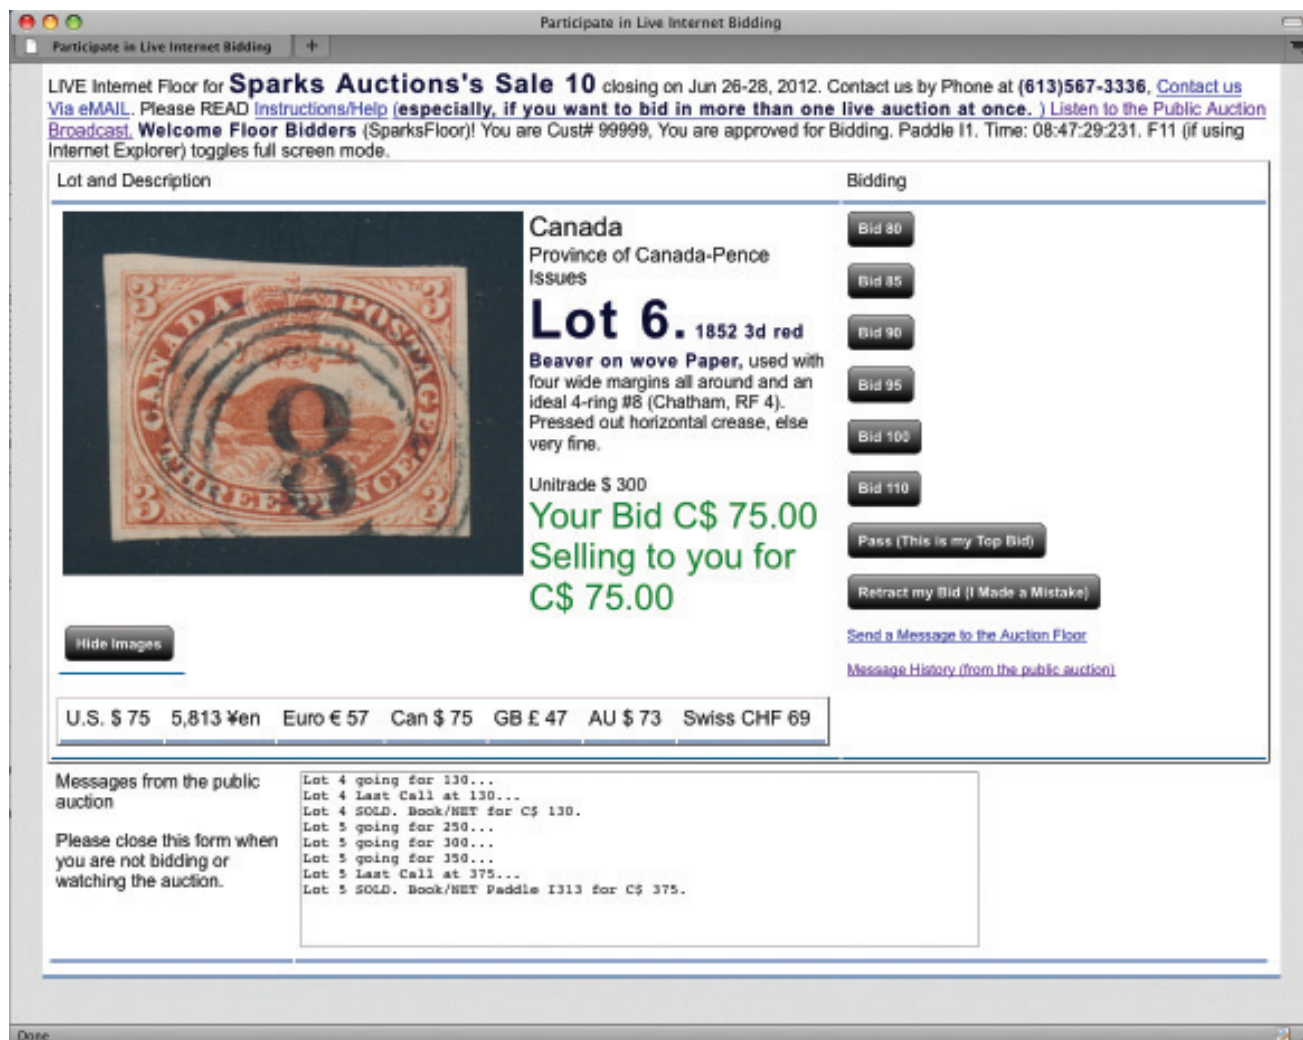

4) If you give your bids in advance to Stamp Auction Network or to Sparks Auctions you will only pay one increment over the second highest bid. Your top (maximum) bid will be used only if another bid is one increment below yours, or exactly the same as your bid but was received after yours. In the event of tie bids, the earliest bid received by us will be successful. We do not accept "buy" bids.

5) The auctioneer may permit telephone bidding during the auction. This must be arranged before the day of the auction. Sparks reserves the right to refuse telephone bidding at any time. Sparks will not be held responsible in the event that a telephone bidder cannot be contacted or does not have reliable service. Long distance telephone expenses may be charged to telephone bidders outside of North America.

6) **OPENING BIDS** will be available on Stamp Auction Network and are updated in real-time. These show the bid that is one increment over the underbid (second-highest bid). In our experience, most of these will be well below the eventual hammer price, even immediately before the sale. Opening bids are updated constantly as new underbids are received. They are provided as bidding advice only; if you see that an opening bid is higher than you wish to bid for a lot you would like to buy, this knowledge allows you to focus on other items of interest. Opening bids are not final or audited and Sparks will not be held responsible in the event of errors in the opening bids provided before the sale.

7) You have the option of limiting your purchases to a specified dollar figure (e.g. \$500). This feature allows you to bid with the confidence that you will not overspend your budget if you are very successful in the auction. It also allows you to use a strategy of bidding on many lots with the expectation of winning only some of them.

8) Because of currency fluctuations, we are not able to offer bidding in U.S. dollars. See XE.com for current Canadian dollar rates.

How To Bid

Advance Bidding We accept bids in the time-honoured tradition: you can mail us a printed bidsheet (available for download from our site), or fax it to us at 613-567-2972, or call us at 613-567-3336 with your bidding information. E-mail bids also work well; simply provide the lot number and your maximum bid in Canadian dollars.

For the most satisfying and realistic experience akin to being on the auction floor, you should become familiar with Live Internet Bidding.

Live Internet Bidding

Live bidding on the internet allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, and we will do everything we can for our customers to make the process simple, trustworthy and fun.

Connect to Stamp Auction Network at: stampauctionnetwork.com

Register once and create a user name, which will allow you to choose auction firms to bid with, including Sparks Auctions. We will approve you to bid as soon as possible during normal business hours. If your application was made more than one month ago, please re-submit.

The Approval Process

We will not extend credit terms to any buyer who has not made arrangements in advance of the auction. Payment must be made

before lots are shipped, preferably by credit card, but we also accept cheques, money orders, etc. We need to confirm your account before you will be able to place bids with us. Other details that will help us quickly approve you for bidding include:

- * Credit Card number (Visa or MC, with expiry date and CVC code)
- * Philatelic references (including eBay reputations, BidStart etc.)
- * Associations (APS, RPSC, BPA, etc.)
- * Your own professional website (stamp-related or otherwise)
- * A valid e-mail address (we will not approve you if your e-mail bounces)
- * Call us at 613-567-3336

A complete bidder registration with many of these details included will result in a speedy approval. We want your bids, but we do not want "problem buyers!" NB: We do not normally check references from banks, AMEX, individuals (non-philatelic), etc.

The On-Line Auction

Once you have been registered and approved by us, you can:

Keep track of lots you are interested in, and place bids on-line at any time before the auction begins. This is similar to any other form of advance bidding (ie., sending us a bidsheet by mail, fax, etc.), but you will receive acknowledgement of your bids once they are submitted, and, if you wish, further confirmation by e-mail if you are outbid.

Comprehensive internet bidding instructions can be found at: sparks-auctions.com/how-to-bid-with-us/
