The Comox Valley collection was formed over a period of 40 years, to very high standards. Its owner purchased each stamp or set individually and carefully from reputable dealers and auction houses, and the result is immediately evident. The owner's priority when purchasing was first to obtain sound stamps; if a never hinged copy could not be located only a lightly hinged one would do. For the used material, clear and light cancels were his preference. Although the collector did not purchase many printing or plate varieties, the collection contains many shade, paper and perforation varieties.

The collection is now being offered in a two day completely unreserved sale: Day One will feature Canada and BNA, followed by the United States; Day Two will feature an alphabetical offering of wide-ranging British Commonwealth countries, followed by strong worldwide.

The Canada collection is quite extensive, and includes strong Provinces, with many desirable, often certified stamps. The United States collection is also fairly complete and includes many rarities, with over 400 certificates of authenticity, many of which are graded.

The British Commonwealth and worldwide collections are also extensive to about 1970 (for many countries) and are made up of mostly fresh mint stamps, with a dusting of used here and there. Some of the better singles and sets are being offered separately, and we have tried not to break up any sets. This part of the collection is strongest in British Commonwealth countries, with a high degree of completion, all collected with the same high standard.

The vast majority of this impressive collection has been scanned online, and can be seen on StampAuctionNetwork.com, where you can participate in advance or live bidding. We gladly welcome requests for more scans. All of our sales are conducted in Canadian dollars, with an industry-low buyer's premium of 17%.

We hope you enjoy this sale and find many items that make you happy.

SYMBOLS and ABBREVIATIONS

**	Never Hinged with original gum (NH also used)
*	Hinged with original gum
(*)	Unused without gum as issued or having gum fully removed.
o.g./OG	Original Gum
⊙	Used (includes full range of postally used, cancel-to-order, precancels)
XF	Extremely Fine applies to stamps with exceptional quality and margins well in excess of what would typically be found. This term is used rarely and is not applied for modern stamps. The term "Superb" is occasionally used as an adjective in the text of a description.
VF	A stamp in superior condition which is well-centered and without fault.
FVF	Applied to stamps that are somewhat less well-centered than very fine, while taking into account what may considered as typical margins of classic material. The term has also been applied to multiples with individual stamps with range of grade or for larger lots/collections.
F(line)	Stamps having perforations that do not cut into the design and without damaging faults. Items described as such may have slight detracting features such as short perforation tips or natural inclusion. Many better classic material naturally falls into this category and may be expected to command prices similar to those ascribed by catalogue values.
VG	Very Good Equivalent to "average". Typically with poor centering, heavy cancellation or faults such as minor thins, light creases, etc.
Faulty	Applied to an item with tears, heavy crease(s), unsightly postmarks, serious thins or surface scuffs.
✉	Cover, which here embraces stampless folded letters (SFL), mailed envelopes, first day covers (FDC's), etc.
FDC	First Day Cover
E/P	Essay, Proof, Die Proof
UL	"Upper Left" and used in conjunction with corner of sheet, block or individual stamp. The abbreviations UR LR and LL are used similarly.
c.d.s.	"Circular date stamp" postmark
l.h.	lightly hinged
v.l.h.	very lightly hinged
h.r.	hinge remnant
perf.	"Perforation" tooth descriptor in the context of "short perfs" or perforation measurement in the context of "perf 12.0 x 11.5"
Est.	Our estimate of the final hammer price if there is average competition for the lot.
PR.	Prices Realized

The early issues include three plate proofs and a variety of issues in average condition, and from the mid-1920s on the collection is close to complete, including coils usually in line pairs, souvenir sheets or sheetlets, imperforate varieties, and no back of the book. The mint stamps are scattered with a few hinged before the 1920s, then mostly never hinged to the end, and a few very early will have no gum, or doubtful gum. - 944** ◎/ ** Mint and Used Collection on Black Stock Pages, 1855-1993, a comprehensive collection of mainly mint issues, it starts with 32 different Chalon Heads, four of which are mint. The 1874-95 issues are a mix of mint and used, but from 1898 to 1993 all of the stamps are mint hinged or never hinged. One of the strengths of the collection is in the back of the book, with complete semi-postals, airmails, and nearly complete postal fiscals, postage dues, life insurance and officials. There are way too many better issues to list here, but what follows is only a small listing: the used include #s 4, 5, 7, 11, 9a, 10a, 15d, 28, 30, 34, 46, 69, AR4, AR7, AR9-12, OY4-6, OY17, etc., while the mint include #s 11d, 27, 29, 49 (NH), 55-56, 58-60, 61-68, 70-83, 86C-98, 107-20, 122-25, 130-39, Auckland Exhibition 130e-37e, 145-49, 165-76, 182-83, 185-98, 203-16 (with most NH), 286-301, 333-52, B1-4, B5-7, B8-144, C1-3 (NH), C4-8, E1-2, J1-11, J16-29, O23-30, O31, O33-37, O38-39, O41-50, O52-53, O55-56, O57, O58-111, OY1-3, OY8-9, OY12, OY18-56, etc. The mint postal fiscals are very strong and two have certificates: AR39 and AR44. Others present are AR1-3, AR5-6, AR8, AR32-39, AR41-44, AR46-61, AR63-65, AR67, AR69-70, AR71-74, AR75-91 (AR90 has a tear), AR93-94, AR95-100, AR102-05, etc. There are also certificates for #s 24 and 82. - 1080** ☉/*/** #1/1905 Mint and Used Collection on Black Stock Pages, 1849-1982, a fabulous collection which is not missing many issues to be complete in period. The 1849-1900 issues are used and include many better values such as 2 (small tear), 9, 10, 21, 37, etc. From 1900 to 1982 the collection is mint and has many never hinged stamps from the 1920s and 1930s. Following is a list of only some of the better mint values encountered: 109-132, 133-37, 138-54, 197, 241a-b (pair, NH), 246, 264-83 (NH), 296-97 (NH), 315-20 (NH), 329a-d (NH, from souvenir sheet), 348 (NH), 624 (NH), 700-05 (NH), and many more. The semi-postal issues are quite complete to 1982 including mint #s B3-10, B11, B12-19, B20-23, B24-26 (NH), B28-33, B34 (NH), B39-41, B66-67, B157a (NH), B285-90 (NH), B294-99, etc. Equally impressive is the Airmail section with C1-2, C5-7 (NH), C8-13 (NH), C14a (NH), C15 (NH but with small gum thin), C23-27, C29-32 (NH), C34-36 (NH), etc. The collection ends with a strong Postage Due showing of mint issues including J27-28, J29-45A, J35, J40, J43, J46-51, J58-65, J80-97 (NH), etc. The imperforate 1fr Napoleon is accompanied by a 1967 Ebel certificate. A nice quality collection, overall fine to very fine, scans show a sampling only.

TERMS & CONDITIONS OF SALE

(Please read carefully. The placing of an auction bid as an individual or agent indicates acceptance of these terms.)

1. The property described in the sale catalogue (print and online versions) will be offered at public auction by Sparks Auctions Inc. (hereinafter "Sparks Auctions") on behalf of various consignors. By bidding on any lot, whether in person, or through an agent, via Stamp Auction Network, by mail, email, fax, telephone, website, or any other means, **the bidder acknowledges and agrees to all of these Terms and Conditions of Sale.**

2. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "hammer price" means the last bid acknowledged by the auctioneer. **The purchase price payable by the buyer will be the sum of the hammer price and a commission equal to 17% of the hammer price** ("buyer's premium"), together with any tax which may be applicable. See "About Bidding" for more information about how bidding is conducted in Sparks Auctions' sales.

3. All bids are per lot as numbered in the catalogue. The auctioneer shall regulate the bidding and reserves the right to reject any bid believed by him not to be made in good faith; to withdraw any lot prior to sale; to divide a lot; or to group two or more lots and to act on behalf of the vendor. In the event of any dispute, **the auctioneer's decision shall be final.** Sparks Auctions will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids. Opening bids will be available on Stamp Auction Network and will be updated by that system.

4. Unless a bidder has established payment terms with Sparks Auctions prior to the sale, Sparks Auctions must receive payment in full before the lots will be delivered. Buyers not known to Sparks Auctions must make payment in full within five days from the date of sale. Accounts more than thirty days in arrears will be subject to **a late payment charge of 2% per month.** All expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$100.00 will be charged for any cheque returned for insufficient funds.

5. All sales are conducted in **Canadian Funds.** Payment may be made by e-transfer, bank draft, bank wire transfer, cheque drawn on a Canadian or U.S. bank, Canadian or International postal money order, cash or credit card. **There is a 2.5% convenience fee to process credit card payments.** Cash/Cheque payment in U.S. funds is acceptable at the same rate which Sparks Auctions can purchase Canadian Funds at our bank (2.5% percent above the midmarket rate). Contact us if you require the exact amount owed in U.S. funds. Credit cards will be processed in Canadian Funds. **Buyers from Canada will be charged the taxes applicable in their home province.** Bidders resident outside Canada are not liable for Canadian taxes if purchases are delivered outside of Canada. See "Shipping Information" for Sparks Auctions' shipping policies. Buyers outside Canada are responsible for all customs duties applied by their home country.

6. **Until paid in full, all lots remain the property of Sparks Auctions on behalf of the seller.**

7. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. See "Shipping Information" below for Sparks Auctions' shipping policies.

8. Because the auction catalogue is available in multiple formats (print, online at sparks-auctions.com and StampAuctionNetwork.com) there is a possibility of technical or other error. In that event **the auctioneer's decision will be final.** If discovered before the sale, corrections will be posted on www.sparks-auctions.com. These are only provided as a service to bidders and Sparks Auctions does not guarantee their completeness or accuracy. See "Valuation of Lots" for an overview of Sparks Auctions' use of catalogue values and estimates.

9. **Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned to us within 14 days of receipt.** All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason:**

- Lots containing ten or more items;
- Any lot described with "faults" or "defects" may not be returned because of any fault or defect;
- No lots illustrated in our printed catalogue or online may be returned because of centering, margins or other factors shown in the illustrations, including easily visible flaws. It is the bidder's responsibility to view lot images online before bidding.
- No lot shall be returned due to subsequent numerical grading unless the

graded certificate describes faults not already described by us;

- It is normal for postal history items to have small faults including but not limited to minor nicks, pencil notations on back, edge and backflap tears, and slight reductions consistent with commercial usage. Folded letters should be expected to have at least one file fold. While we strive to mention more significant flaws, condition issues such as the aforementioned are not grounds for return. Items being offered primarily on the basis of the postmark are not returnable on the basis of flaws to the underlying item.

10. All lots are sold as genuine, unless otherwise noted. If a purchaser wishes to obtain an expert opinion on a lot, an extension for expertization may be granted provided that the following conditions are met:

- Notice of this intent is given before placing a bid.
- The purchase price of the lot is paid in full, including any expertizing fees.
- All lots to be sent out on extension must be paid in advance and submitted by Sparks, directly. Sparks will use one of the following expertizing services:
 - Vincent Graves Greene Foundation (Canada and BNA); or
 - BPA or RPSL (British Commonwealth); or
 - Philatelic Foundation or PSE (USA and territories); or
 - Another authority mutually agreeable to both parties.
- Extensions are granted for the reasonable period of time required by the expertizing authority;
- If in the opinion of the authority the lot is not genuine or was grossly misdescribed, the purchaser shall receive a full reimbursement of the purchase price including the expertization fee;
- If a purchased item has a recognized certificate dated within the last seven years, extensions will not usually be granted.

11. Lots which include the notation '**Rsv.**' are offered subject to a minimum bid ("reserve"), agreed to between the consignor and Sparks, below which the lot will not be sold in the auction. Any lot which does not meet the reserve will be stated to have been "passed" during auction proceedings.

12. Should any dispute arise over these Terms and Conditions, such dispute will be settled according to the laws and regulations of the Province of Ontario, Canada, with options for resolution being negotiation between the parties, followed by mediation, followed by action in the most appropriate legal venue in Ontario.

Shipping Information

Please note that items will be shipped by the least expensive method unless other arrangements are made between the buyer and Sparks Auctions in advance of shipping. To maximize shipping efficiency and minimize cost to the buyer, some lots may be shipped without multi-ring binders or other bulky housing mentioned in a lot description, or by combining the contents of multiple housings into fewer of them.

Within the National Capital Region:

- Normally, it is expected that local residents will arrange for pick-up from our office, by appointment only.
- Shipping can be arranged using the "Within Canada" methods described below, or by other means if specific arrangements are made between the buyer and Sparks Auctions.

Within Canada:

- Single or multiple lots that fit into one or more regular EXPRESS POST envelopes will be shipped by that method with signature required. These lots will be charged postage only but not a handling, packaging, or insurance fee.
- Cartons and larger lots will normally be shipped by parcel post or FedEx with signature required. If bulky lots have a value in excess of \$1000 they will be shipped by EXPRESS POST with signature required. This category of lots will usually be charged an additional handling or packaging fee.

To the USA:

- Single or multiple lots will be sent by Canada Post with signature required and no extra handling, packaging, or insurance fees.
- Cartons and larger lots will be shipped by Canada Post parcel post or FedEx Ground with signature required. This category of lots will usually be charged an additional handling or packaging fee.

Overseas:

- Single or multiple lots will be sent by Registered or Xpress Mail with signature required and no extra handling, packaging or insurance fees.
- Carton and larger lots will be shipped by pre-arrangement only. We reserve the right to not ship to areas of the world not served by FedEx.

About Bidding

Bidding in a Sparks Auction takes place in accordance with our Terms and Conditions and can happen in several ways:

1. Advance Bidding

We accept bids in the time-honoured tradition before the auction starts:

- a. you can mail us a printed bidsheet (included with the print catalogue and also available for download from our site). If you use mail to send us a bidsheet, please call at least the day before the sale begins to confirm that we have received it.
- b. you can fax us a printed bidsheet (included with the print catalogue and also available for download from our site) to 613-567-2972.
- c. you can call our office at 613-567-3336 or use our North American toll-free number is 844-252-2032.
- d. you can email your bids to info@sparks-auctions.com. Simply provide the lot number and your maximum bid in Canadian dollars.

Please use the following bidding increments:

\$10 - \$200	\$10	\$7500 - \$15,000	\$500
\$225 - \$750	\$25	\$16,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$32,000 - \$100,000	\$2,000
\$1600 - \$3000	\$100	\$105,000 - \$500,000	\$5,000
\$3200 - \$7000	\$200	above \$500,000	\$10,000

All bids not conforming to these increments will be rounded down to the previous increment.

If two identical bids are received for a particular lot, the bid received earliest will prevail, regardless of how the bid was received.

2. Telephone Bidding

We can arrange for you to participate in the sale via telephone. Phone bidding must be arranged at least one day in advance so we can assign a staff person to call you at the time the lots you want come up for sale. In general, telephone bidding is best for more expensive items. If telephone bidding is not convenient for you, we encourage bidders to engage an agent, or to use live bidding on Stamp Auction Network to make sure their bids are executed in the way they would like. Please see below for more information about live bidding or contact us for more information at 613-567-3336.

Sparks Auctions reserves the right to refuse telephone bidding at any time. Sparks Auctions will not be held responsible in the event that a telephone bidder cannot be contacted or does not have reliable service.

3. Auction Agents

Having an agent act for you is a good way to make sure your bidding intentions are well-represented if you cannot participate in person or through live bidding via Stamp Auction Network. Auction agents can view material, when public viewing is an option. The following agents are knowledgeable, experienced auction buyers known to Sparks Auctions and familiar with our sales. Please contact one of them, or your own existing agent directly to make arrangements suitable to both parties. Sparks Auctions is not responsible for a bidder's relationship with any agent. Agents: please contact our office at least two days before the start of a sale to make arrangements for your clients to be billed and to have their winnings shipped.

4. Live Internet Bidding

For the most satisfying and realistic experience akin to being on the auction floor, we invite you to participate via live Internet bidding, which allows bidders anywhere in the world to participate in the auction. Sparks Auctions is pleased to make the auction available through Stamp Auction Network, an independent provider of philatelic auction services for auction houses and bidders. We will do everything we can for our customers to make the process simple, trustworthy and fun. To access Sparks Auctions live internet bidding, connect to Stamp Auction Network at:

www.StampAuctionNetwork.com

Register once with Stamp Auction Network and create a user name, which will then allow you to choose auction firms to bid with, including Sparks Auctions. We will review your request for registration as soon as possible during normal business hours. If your application was made more than a few days ago, please contact us.

Valuation of Lots

Catalogue values are listed for many lots in the sales. These are the best available guides to the retail price of a single stamp or set provided that the item(s) are the same quality as the standard described in the introduction to each catalogue. Exceptional quality will often sell above the catalogue value; inferior quality will sell for less; faulty stamps in a lot can result in a sale price of a small percentage of the catalogue price.

When cataloguing collections we use the value for the grade specified. For Scott this grade is very fine. For Unitrade we use the grade specified in the lot's description. Thus a "fine" collection will have all stamps added at the fine price. We do not count obvious forgeries, reprints etc. and usually do not count faulty or ugly stamps. A lightly penciled X under a stamp in a lot means it was not counted in the catalogue value. We put a light pencil note beside more expensive stamps and often put a total catalogue value at the bottom of each page to assist viewers.

The following catalogues have been used. If there is a variance, this will be mentioned in the text of the description.

2020/2021 Scott Catalogue Volumes 1 through 12 in US\$
2020/2021 Scott Classic and US Specialized in US\$

2020/2021 Unitrade Specialized Catalogue of Canadian Stamps in CAN\$
2020/2021 Stanley Gibbons 1840-1970 (SG), values in £
2007 or later Michel Catalogues of the World (Mi), values in €
2017 The Canadian Revenue Stamp Catalogue by E.S.J. Van Dam in CAN\$
Other specialized catalogues as noted in descriptions.

The U.S. Specialized and the Scott Classic are referred to as "Scott" interchangeably with the standard 12 volumes.

The term "owner's catalogue value" indicates a variety of approaches and may include older versions of catalogues. We will have inspected and reviewed the result but not re-catalogued; hence we do not vouch for the exact total of an "owner's catalogue value".

"Estimates" ("Est.") are used when there are multiple factors to consider and to identify what we believe the lot might sell for when there is reasonable competition for it.

"Face Value" is used for entire lots when it best describes the value of the contents. From time to time, "face value" is used to identify the face value of a portion of a lot that also considers additional factors.

VIEWING

Viewing will be booked by appointment only to ensure appropriate social distancing measures are taken to keep staff and bidders safe.

Corrections & Updates

AUCTION #36 UPDATES TO LOT DESCRIPTIONS

Updated Sunday, April 18, 2021 at 5:00pm EDT.

[Sale posted at Stamp Auction Network](#) on Wednesday, March 17th, 2021 at 12:30pm EDT.

LOT# Correction

- 10 There is a tiny filled-in pinhole to the right of the Queen's mouth, not mentioned in the certificate.
- 16 There is a faint corner crease at top right not mentioned in the certificate.
- 31 The description should say 5 mint or unused, rather than 5 mint or used.
- 105 The catalogue value for this stamp is \$900.
- 123 This stamp is a number 117, and catalogues \$240.
- 198 The four 44c Walrus stamps identified by the owner as #1171c are in fact #1171a, perforated 12.5 x 13.1 from the booklet.
- 316 The #C1 shown in our [scan #9](#) is a crude fake, and not a real \$25,000 stamp.
- 324 The stamp on the left is a #11A, not a #10A.
- 362 This is actually a Scott 65-E15h essay, which catalogues \$550.
- 543 Withdrawn.
- 603 This stamp is actually a #J60 and has a catalogue value of \$250.
- 634 This stamp does not come with a certificate.
- 635 This stamp is accompanied by a [2001 Philatelic Foundation certificate](#).
- 725 For total clarity, this collection does not include the Stanley Gibbons listed British Forces in Egypt issue.
- 900 The 5 shilling value in this set is a bit faded at top.
- 964 The 4d value has a scuff at lower left.
