- 1185 E/P Group of Modern Pre-Production Essays and Proofs**, from the personal files of retired Canada Post designer Bernard J. Reilander, who designed or oversaw the design and production of these items. The lot starts with a block of four of the 1986 34c Science and Technology stamps with denomination obliterators, printed on gummed stamp paper (along with an issued block for comparison) and two imperforate, but tagged, souvenir sheets of the 1987 34c Exploration of Canada issue also printed on gummed stamp paper; one is identified as AP-1642-2 on the back and the other is AP-642-3 with the latter having denomination obliterators. Another interesting item is a file copy of the 1992 "signed" souvenir sheet for Canada '92 - the back showing handwritten file #CP4864. Also included is a colour gel of the Stockholmia 86 International Exhibition Card, used for proofing by Canada Post staff just prior to printing (plus several printed versions on various papers) and a set of 1976 Christmas promotional items. A great lot for the specialist. Our online photos show most items.

Also includes 5 Millennium Keepsakes (Unitrade \$112), Canada '82 show cards (5 mint, 1 postmarked, Unitrade \$30) and a few Canada Post thematic collections. - 1197** ☒ **Collection of Canadian International and National Exhibition Covers and Show programs, 1951 to 2019**, consisting of over 200 covers along with more than 50 different show programs and other ephemera from CAPEX, BYPEX, ORAPEX, Royal / Royale, PHSC and BNAPEX events. A few other international show programs are included. This lot is ideal for the student of Canadian exhibitions and postal stationary collectors looking for special event uses of Webb-listed items. As CAPEX '22 approaches, the contents (which includes some duplicates) might also make good gifts or sale items for dealers at their booths. Our 14 online photos show most of the contents in this very clean group.

- 1198** ☉/*/** **Mint and Used Collection and Stock, from late 1800s to Modern**, displayed on album pages, stock sheets, and 102 cards. We noted a great variety of items such as sets, plate blocks, booklets and booklet panes, sheetlets, officials, some back of the book representation including registered, airmails, officials, some perfins, a collection of pre-cancelled (SQs to Admirals), Angus Short signed plate blocks and watercolor. There are a few pages of plate blocks in black mounts including Unitrade #321 (\$1 Totem Pole, cat \$50). Also included is a small accumulation of Newfoundland issues including a repaired Bartlett letterhead, postage dues, etc. A summary inspection of stamps in mounts, revealed some mint never hinged issues. Further inspection may yield some dividends. Faults to be expected. Overall fine to very fine.
..... **Est \$400**
- 1199** */** **Collection of Mint Coil Singles, Pairs and Strips**, with a good range of different material including a #131i (paste-up strip of 4, NH), the first three Admiral singles are hinged, and so are some of the KGV War issue singles, the rest appears to be NH based on a spot check. Also includes a page of mint and used Registration stamps to the 8c, again with a good representation of shades. **Est \$2,000**

1206 ☉/*/** **#1/663 Collection of Mint and Used Canada on Minkus Pages, 1851 to 1950**, and a few black stock pages, starting with good used #1 (needs a bath), followed by used #s 4, 5 and 8 (the latter two cut into), a nearly-complete set of Cents (#16 missing, but two shades of #17), then good basic sets of used Large Queens with some duplication (10 used, 3 mint) and Small Queens (14 used, 5 mint with strip of three bottom margin 6c with partial imprint) and Jubilees (11 used including 50c and \$2 and 11 mint including 50c and \$1) and both mint and used Québécois (missing 5c used). We noted a nice used 50c Bluenose and \$1 Parliament and some useful postmarks scattered throughout. Also includes a sparsely-filled, mostly used collection in a Canada Parliament album covering the 1880s through 1976. Quite clean and great for a reseller or collector. Our online photos provide a glimpse of the contents.

1207 ☉ **#1/699 Extensive Used Collection in a Lighthouse Hingeless Album, 1851 to 1976**, starts off strong with a #1, 3, 4, 5 (small tear), 7-9, 11 (crease), 12, 14/20 (no 16), and essentially complete to 1976, including all coil singles, and extra shades of the Large and Small Queens including a dated 3c LQ on laid paper, as well as tagged stamps. Back of the book is equally comprehensive, with complete airs, special delivery, dues, war tax (with types, shades), registration as well as G and O.H.M.S. overprints. Some of the early imperforates may not have four margins, a few stamps are marked as having creases, and there are some obviously faulty stamps here and there (mostly thinned) which have not been counted (inscribed N/C in album). Some of the other stamps could use a good bath to wash off the heavy hinges, otherwise overall fine or better, with many pages scanned online. Catalogue value is for regular stamps and back of the book up to about 1951 only.

We noted that there are many duplicates throughout, along with souvenir sheets and nice town postmarks. Included are two glassines of more than a hundred stamps that appear to have been intended for mounting in some of the empty spaces. This clean collection appears well advanced, and would be useful for a reseller or dealer. Our ten online photos provide a glimpse into the contents.

1211 ☉/*/** **#4/302 Mint and Used Collection on Darnell Hingeless Pages, 1852-1952**, a good quality collection with strong representation from the Cents issues to the end, starting with a fine 3d Beaver, basic set of Cents including a jumbo 2c (repaired tear), basic set of Large Queens including a lovely 5c with red cancel, basic set of Small Queens to the 50c with both printings and a set of 11½ x 12 perfs., Jubilees are present mint and used to the 50c, then close to complete in period including back of the book. 1212 */** **#4/703 Mint Collection in a Hingeless Lighthouse Album, 1852-1976**, starts off strong with a #4 (no gum), 7 (plate proof), 8 (no gum), 9 (og), set of First Cents (no #16), complete Large Queens (with many extra shades and papers), complete Small Queens with shades, printings, etc., then complete to the end, including a few extra shades of Edwards, Admirals, as well as all coil singles. The back of the book is also complete as per Lighthouse pages and includes shades and papers of the early dues, first Special Delivery issue (three NH shades), Dies of the War Tax issues, and Registration to the 8c. Most of the collection is of good quality, even though there are several regummed stamps in the beginning (these marked in pencil on pages) plus a few that have no gum, and there are only a few with obvious faults that have not been counted (also indicated as N/C on pages). The majority of the NH material starts in the 1940s, but some others are present, as early as the Small Queens. Overall fine to very fine with many very fine centered stamps, especially where it counts, and catalogue value was only tallied up to 1951. See scans for a good idea.

1213 ☉/*/** **#14/1338 Collection of Mint in Two Lighthouse Hingeless Albums, 1859 to 1991**, in slipcases, beginning with the First Cents issue (one 1c) and following with a selection of early issues - Large Queens (½c x 2, 15c) and Small Queens (½c, 1c, 2c, 3c, 5c x 2, 6c x 2, 8c, 20c and 50c), a short set of the Jubilees (½c to 50c), Maple Leaf complete basic sets of Maple Leaf and Numerals and most Edwards (missing only the 20c and 50c). We noted Scott #126a and 128a (in imperforate-horizontal pairs) and a very good representation of back of the book including air mails, air mail special delivery, postage due, special delivery, registration, war tax, and a solid representation of 4-hole OHMS perfins. A very clean collection, it has been catalogued as mint, fine for basic issues and back of the book to 1950 (Unitrade \$10,730) plus approximately \$200 in face value from 1950-1991. We did not check for papers, shades or varieties. There is also an owner-identified block of four of the 1992 "Canada in Space" issue with two space shuttle holograms showing higher orbit than usual as well as a 2008 Unitrade Specialized catalogue. Rounding out this collection is a 1993 Canada Post Annual Collection, along with a few souvenir sheets, booklets, blocks of four and loose stamps with total face value of over \$210 (42c to \$5 denominations) and empty Lighthouse Hingeless supplements for 1992 through 1996. 1214 ☉/*/** **#14/2183 Collection of Canada Mint and Used in Four Lighthouse Albums, 1859 to 2006**, with stamps mounted in clear or black mounts. The collection begins with a one-page tribute to the world's first stamp - a good used GB Penny Black (K-A with red Maltese cross postmark) then continues with some back of the book (air mail, special delivery, war tax, postage due International Reply Coupons), followed by Cents (x5) Large Queens (x10), Small Queens (x10), Jubilees (½c to 50c) and full Leafs, Numerals, Edwards and Québécois. All early issues are used, some with heavy postmarks and some with faults. It is then about half full from Admirals through the mid 1940s with more used than mint, though there is a fine mint hinged Bluenose. There is a high degree of completion and mostly mint with many being never hinged from the mid 1940s onwards, including duplication of some album pages and homemade pages that contain matched sets of plate blocks or additional souvenir sheets and some FDCs and commemorative event covers. Face value after 1950 is \$755 for denominations of 20c and over only. The collection is very neat and clean, though we note a bit of water damage on the edges of some pages in one album, which includes items from 2003, noted for the record; only a few FDCs were affected by the moisture. An excellent starter collection or to fill gaps in an existing one, also good catalogue value for dealers or resellers. See photos for an overview of the earlier material.

1216 ☉ **#15/1245 Retired Dealer Stock Reminders of Canada Used, 1859 to 1990s**, consisting of a couple of thousand stamps in one stock book, a full 102 box, a few well-populated manila stock sheets and about 60 black dealer stock cards. Some of the earlier issues are faulty, though we noted many clear c.d.s. and some RPO postmarks on Jubilees, Leafs, Numerals and Admirals, though not checked carefully by us. We note a double-side black stock sheet of the 29c 1986 Christmas stamp with a good number of the better perforation (\$3 each used), some CNR and other private perfins and war tax stamps. The lot is rounded out by three Canadian Wildlife Conservation stamps used on permit, a file folder of federal revenues including bill stamps, excise, customs duty, etc. and about 50 Newfoundland stamps. Clean and fine or better, this lot would be ideal for an online reseller. Our online photos provide a general overview of the contents.

1217 ☉/*/** **#24/270 Collection of Newfoundland and BNA, 1865 to 1949**, mostly used, on 10 black stock sheets, with strength in Newfoundland (over 450) and having significant duplication on the low values of the Pictorial and 1932-37 Definitive issues. It runs from the First Cents issue through the last stamp of the Colony. We noted some shades on the early issues about a dozen AYRE perfins. We saw some perforation varieties on the Resources and Pictorial issues, along with examples of the third (watermarked) Pictorial issue. BNA includes New Brunswick (4 mint o.g., 1 used), Nova Scotia (3 mint o.g., 4 used), Prince Edward Island (7 mint o.g. or no gum), There are no Pence issues among these BNA items. Clean and well organized with faults here and there, the entire contents are pictured online.

Also, one sparsely-filled Jarrett album (1927 to 1958), a stack of Lighthouse hingeless album pages from 1972 to 1977 (\$10 face) and a stockbook with six full pages of mixed used and mint. There are also 5 auction cards from the 1990s with their lots intact (total hammer of \$215) and FDCs including 2 Regiments inscription blocks (UL and LR, Unitrade \$125 each) and about 70 others on mostly private cachets from the 50s and 60s plus a hard bound, gold embossed album of 12 House of Commons FDCs from 1967 to 1971. Also included are 14 Canada Post Annual Souvenir Articles from 1959 to 1972 (Unitrade #1/15, missing #5, cat \$173). Rounding out this varied lot are 16 philatelic publications franked with precancels from the Postes/Postage issue to the Wildings. 1220 ☉/*/** #35/1250 Collection in a Scott Minuteman Album, 1874-1989, with additional supplements through 1997 plus a black stock sheet with precancels on both sides (from QV Numeral to Elizabethan Floral issue), several file boxes of owner-identified stamps in glassines and a plastic bin (approx. 3lbs - 1.5kg) full of used on and off-paper from the 60s to around 2012. There is also an unchecked group of about 200 commercial covers from the 1920s to about 2015. Rounding out this fairly organized, clean, and primarily used lot are some Christmas, Easter and Canadian Wildlife Federation seals and a few Wildlife Habitat stamps used on permit. There are also several glassines of loose mint stamps and booklets from the 40c to 45c era with a face value of over \$60. Of interest to ephemera collectors are two volumes of documents from Library and Archives Canada outlining the history of Canada Post PS14 pamphlets and a stack of "Presenting Cards" that used to be distributed to collectors through the Philatelic Centres in Ottawa or Antigonish. Assembled with care over many years, this collection is captured in our online photos providing an basic overview of the contents.

1221 ☉/*/** #35/1970 Collection of Mint and Used Canada and BNA, 1880 to 2003, in five thick stockbooks and a few black stock pages, from the personal collection of retired Canada Post designer Bernard J. Reilander. One stockbook begins with several pages of mint and used BNA including New Brunswick (x5), Nova Scotia (x4), PEI, (x3) and Newfoundland (over 120). Canada used begins with a #15, followed by a 5c Large Queen, and then lower-denomination examples of Small Queens, Jubilees, Map, Quebec Tercentenary, then continuing through the early 1970s. The stockbooks finish off with a couple of pages of federal revenues including postal scrip, customs duty, excise, cigarette and Ontario Law. We noted some c.d.s. cancels and a couple of precancels as well. The remainder of the stockbooks are a combination of mint and used. We carefully counted only the mint face value postage in denominations of 15c and over in loose stamps, plate blocks, souvenir sheets (more than 100), full and part-sheets, some booklets and other multiples, plus early Canada Post semi-annual packs (1974 and 1975, total of 16 packs) and 20 pre-packaged plate blocks from 1974-1976 issues. Total face of the mint stamps is over \$1,480, over \$1,000 of which is in denominations of 30c to \$5.00 (see inventory in online photos). Also included is a box (5 lb, 2.3kg) of used mostly sorted by issue into envelopes and glassines; we observed many town cancels from the 1950s and 60s. Great lot for a collector, dealer or postage reseller alike. See our online photos for an overview.

The stamps are in mounts or hinged, and neatly arranged throughout. There is more than \$275 face value from the late 1950's onwards in denominations of 15c and over. Also included is a ratty but interesting store ledger book with revenue stamps paying various excise taxes, along with a glassine of over 100 loose revenues including higher denominations. Rounding out the collection are some collecting supplies (one stockbook, several pairs of tongs and a few open packages of black mounts) and a small tub of about 1.5 lbs of used, mostly Canadian, on and off paper. This is a fun lot for the collector or dealer. See our photos online for an overview of the contents.

Face value of the plate blocks is over \$550 and we note two items of particular interest: one LL Regiments inscription block (Unitrade #1250, cat \$250) and one Legendary Creatures LL inscription block perforation 12.5 x 12 (Unitrade #1292d, cat \$425). Total face value of the collection for denominations of 14c and over is above \$1,000. Also included is a group of 13 Canada Post Thematic Packs. 1224 ☉/*/** #35/1403 Collection of Mint and Used, 1880 to 1992, in one Minkus album, a binder and two full stockbooks. The album has good representation of most issues, mostly used or mint hinged, from 1880 to the late 1970s along with a few Newfoundland. The binder starts with six pages of used Small Queens (at least 450 stamps) with town postmarks, squared circles, duplex and some fancy cancels in many shades - many with faults but still helpful to the student of the issue. It continues with many hundreds more used Jubilees, Leafs, Numerals, Admirals and some back of the book, on through the early 1950s. The stockbooks are filled mostly with plate blocks, blocks and multiples from Small Queens through the early 1980s. Loose postage is divided by denomination into glassines. Mint postage totals \$520 in denominations of 15c and over, including souvenir sheets, inscription blocks, a few full sheets (notably the 1977 Silver Jubilee, 25c x 50 stamps) and a 1984 Canada Post Annual Collection. 1260 ☉/*/** **Collection of Nova Scotia, New Brunswick, PEI and Newfoundland, 1860 to 1947**, in a Lighthouse album with slipcase. We noted a few Newfoundland covers including a larger registered first day cover of the Long Coronation issue with a lovely "ST.J.&PA.B.R.P.O" receiving cancel on the back. Also included are 27 covers franked with Newfoundland stamps on Salvation Army, YMCA and Canadian Legion covers, most with military censor marks. Unitrade catalogue value for the NB (x10), NS (x9) and PEI (x13) stamps is \$830 counting all as the least expensive, basic stamps in fine condition only. We did not look closely for paper varieties. The Newfoundland is rather sparse, with around 30 stamps present, mostly mint hinged. A very clean offering, this lot would be ideal for a collector looking to start new areas of interest. See photos which show all the stamps except Newfoundland, along with a good representation of the postal history.

The collection has many unused (no gum) stamps at first, and from 1880 we have catalogued all as mint hinged, assuming that condition based on a spot check (there may be some NH). A clean collection, with some of the expensive Pence having either faults or no margins, still overall fine or better with many very fine stamps. All pages were scanned online.

Also note a few covers and FDC (stamps catalogued as used) including a local 1908 cover manuscript-franked (not included in catalogue value but appears to be dated Oct 1908 which would give it a minimum SG value of £250). The 1935 Coronation issues are accompanied by mint blocks, including a Plate 2 strip of the ½d showing the "diagonal line by turret" variety. Very fine throughout.

The collection includes singles, complete sets, souvenir sheets and booklets, with many of the items having sheet margins. We assume that it is complete in period except for some missing runs in the late 60s and early 70s, as it was carefully assembled through new issue services over the years. The catalogue value noted here does not include the last two years, as well as many items that are not listed in Scott, such as some of the complete booklets, and some of the souvenir sheets or sheetlets, which were sometimes only catalogued by number of stamps they contained. We also did not catalogue some of the souvenir or annual folders that are still sealed, in order to preserve their unopened state. 1473 ☉ France Valuable Old Time Stock of Early Used Issues, 1849 to 1900, with about 1,770 stamps, all neatly displayed on 23 stock pages in a stockbook, identified by owner by Yvert & Tellier numbers with older French franc prices. Starts off strong with Scott #s 1, 3 (x9), 6 (x14), 11 (x29), 12 (x9), 13 (x11), 14 (x41), 15 (x110), 18 (x66), 19 (x12), 22 (x14), 23 (x31), 25 (x43), 26 (x66), 27 (x66), 28 (x12), 29 (x13), 30 (x11), 32 (x11), 33 (x41), 34 (x26), 35 (x14), 36 (x6), 37 (x2), 38 (x4), 39, 40 (x2), 41 (x2), 42 (x3), 43/45 (x19), 46, 47 (x3), 48 (x3), 50 (x22), 51 (x24), 52 (x11), 53 (x58), 54/55 (x15), 56 (x31), 57 (x11), 58 (x100), 59 (x53), 60 (x8), 61 (x42), 62 (x42), 63 (x16), 64 (x10), 65, 66 (x5), 67 (x2), 68 (x14), 69 (x14), 70 (x18), 72, 73 (x23), 74 (x7), 75 (x15), 76 (x10), 77 (x7), 78 (x43), 79 (x3), 80 (x23), 81 (x49), 82 (x17), 83 (x9), 84 (x18), 86 (x37), 88 (x42), 89 (x23), 90 (x18), 91 (x19), 92 (x21), 93 (x16), 94 (x12), 95 (x28), 96 (x14), 97 (x15), 98 (x17), 99 (x31), 100 (x22), 101 (x46) and 102 (x11). There is a great variety of shades and types, mostly identified by the owner but not in our count of Scott numbers, which are all for the least valuable variety. We also note a very nice selection of postmarks including lozenge grills, dated town cancels, numeral grids, lettered grids, at least one anchor grid, red cancels and more, as well as multiples including pairs up to strips of four which often can have higher catalogue values. There will obviously be faults in a lot like this, and we observe that they are often in the most valuable stamps, so viewing in person is recommended. Otherwise overall fine to very fine, with many of the imperforate issues having 4 margins, etc. There is very high catalogue value in this one, photos only show part of the lot.

1474 ☉ France Used Collections and Accumulation from Classics to about 1980, on album and stockbook pages, plus a 1kg bag of Marianne bundles. This lot is comprised of a group of old time collections and accumulations bought over the years by the collector but never reorganized. The classical issues are represented from Scott #5 on, including a nice selection of the Bordeaux and the Sage issues. Semi-postals, airmail and postage due issues are well represented. Duplication is prevalent throughout, but generally in small numbers, allowing to create a quality collection from the best copies. Some colonies, fiscals and foreign stamps to be found here and there. Faults as can be expected in such old collections, but generally fine to very fine.

1477 ☉/*/ France Comprehensive Mint and Used Collection in a Stockbook, 1849 to 1975**, a lovely and very strong collection left as received, which is not missing much to be complete, and includes loads of material not often offered in such collections. Starts off used with mint scattered here and there and quickly becomes mint with used scattered. The souvenir sheets included include #s 226 (used, \$1,100), 241 (MH, \$1,000), 329 (NH, \$700), we also noted some complete booklets: 30c Sower and 10c Pasteur, 1952 (\$375) and 1956 Red Cross as well as good overprinted issues such as #s 197 (MH, \$140), 246 (MH, \$600), etc. The mint and used (mixed) regular issues and semi-postal issues are quite extensive, often with extra shades and printing types, such as for the 1929 3fr to 20fr issues. The airmail issues appear complete, with most of the high catalogue stamps being mint. Dues are extensive, missing only the high denominations in the early period and a few more, and there is a good showing of European Council issues, Military Franchise stamps and 4 sets of mint German Occupation issues. Included in the lot but not counted in the catalogue value are many items, including Franco-Prussian issues, parcel stamps, and a few imperforates and better cinderellas. Last but not least is a 22 page collection of mint United Nations, appearing complete to 1975 and including many extras such as stationery, inscription blocks, souvenir sheets and special folders. Most of the mint stamps we spot checked were lightly hinged but we did see some NH and note that many have a pencil number on back. Good overall quality, except that some of the early imperforates might not all have four margins. An outstanding offering which should be seen in person despite our many scans online. Catalogue value is by owner, and each page has its own value penciled-in.

1478 ☉/✉ France Extensive Collection of Advertising Tab Stamps, On and Off Cover, 1930s to 1950s, with a deluxe thick album containing over 120 covers each with one or more advertising tab stamps, including a few picture post cards, advertising covers, destinations, multiple frankings, registered and lots more, mostly also with good postmark interest including slogans. This album also contains 12 used and unused booklet panes and 5 complete booklets, including better and expensive ones (see scans). A second binder includes a collection of over 730 used 50c Sower stamps with advertising tabs at top or bottom, mostly sorted by advertising, with some duplication. A remarkable collection which would be difficult to assemble, not to say expensive. See cans for an overview. Rsv. \$2,500.

The two last stockbooks contain mint issues from 1945-1962 and 1991-1992 respectively. These contain mostly commemoratives, including blocks, semi-postals, sets, Famous Men sets, and more. 1482 */** **France Mint Collection and Accumulation to 1976**, in two stockbooks and a folder of mint never hinged half sheets and large blocks. We noted Scott numbers 78, 92, 109, 110 and P7 and lesser quantities of Paix, Mercure, Gandon and Dulac issues. A few pages hold mainly France used stamps mostly from the early 1950s, and Colonies mint and used. A rare Castellorizo Scott 12 (CV \$275) was found among other interesting items. A larger stockbook holds a mint collection from 1942 to 1976 on manilla sheets - this one was subjected to humidity and some stamps are stuck to the pages. Quality varies with faults and no gum to be found although the bulk of this lot is very fine never hinged.

1483 ** **France and Colonies Mint Never Hinged Dealer Stock**, mostly in black stock sheets, mainly covering the time period between 1987 and 1997. France (cat. \$2,813) has some regular issues but the strength is in its more than 100 booklets, both regular and semi-postal (many of these were catalogued as booklet panes only as listed in Scott, so should catalogue higher). The strongest colonies are St. Pierre & Miquelon (cat. \$2,657) and French Antarctic Territory (cat. \$1,832), and there is also some French Polynesia (\$215), Wallis and Futuna (\$160), etc. There is duplication throughout, sometimes up to 10 copies, sometimes in sheet format (many sheets are from St. Pierre). Also includes a small stockbook full of various older colonies issues, not counted in our catalogue value. A fresh and very fine lot.

The back of the book section includes 16 different dues, O34, O36, O44, O64, O74, O75 and others. A clean collection and a spot check for hinging revealed some NH near the end. We noted faults on some of the early, more valuable stamps, including a few without gum and a few with creases (mostly noted in pencil on pages), still a fresh collection with many very fine stamps and overall fine to very fine. The Kings follow with similar completeness, with Edwards to the 5sh, George V "Seahorses" to the 10sh. Mint stamps start to appear in the mid-1960s but only makes for about 5% of the collection. A very nice variety of material, with no duplication seen, except for the odd used and mint of the same stamp and the several envelopes of sorted used Machin heads included. 1529 ◎/** Great Britain Collections and Dealer Stock, 1840 to Late 1950s, consisting of thousands of mostly used stamps on black stock sheets, loose album pages, dealer cards, quadrille pages and in envelopes and glassines. The early issues are faulty or have smudged postmarks, with most issues in the period represented and significant duplication of many items. We note Penny Blacks, Reds and 2p Blues (some of these three with faults), some better sets and singles, two sets of "London Parcel Delivery Service" labels and small collections of "The Postmarks of Scotland"; newspaper and printed matter postmarks; and 11 covers of Free Frankings. There is also a group of several hundred GB Offices (Tangier, Morocco, M.E.F., etc.) from George V to early Elizabeth II. The collection starts off with Penny Blue and Penny Red stamps in a stockbook along with other Victorian and Edwardian issues (some faulty, as expected), then fair representation of a good portion of issues through the 1980s along with many items well into the 2010s. There are many thousands of stamps here, including over £2,000 in modern face value postage (singles, se-tenant strips, blocks and booklets), and much duplication in some of the stockbooks - we note many clear postmarks worth investigation. Also includes mint and used issues from British Offices (Qatar, A.E.F., M.E.F., Morocco, Tangier), Lundy and Channel Islands including Jersey and Guernsey. This large lot with very good catalogue and high face value will bring many, many hours of organizing for the collector and promises good potential for resellers. The collection starts with a very presentable Penny Black (see scan), and Penny Red plates, then becomes sparse to 1948. From 1948 on, mint stamps are accompanied by used duplicate copies with very few used copies after 1995. From 1976 on to 2012, mint stamps all appear to be MNH and the collection is close to complete. We counted face value above 20p only from 1976 on to be £1,721, where non-denominated 1st stamps are valued at 85p, 2nd at 66p and E stamps at £1.70. Phosphor and many Machin varieties are present. We also saw airmail, special delivery and two sets of postage dues, as well as the 1991 to 1998 UK Duck Stamps. Regional issues are included. We note a nice collection of 52 King George VI Coronation omnibus issue covers, albums with items related to the marriages of Princess Anne and also the Duke and Duchess of York (Andrew and Sarah) and several French covers from the day of the 1937 marriage of Edward VIII (the Duke of Windsor) and Wallis Simpson. 1800 Rare Antique Cast Iron Railway Station Letter Box, circa late 1800s to Early 1900s, with what appears to be original paint (red and blue) showing signs of wear and age, including rust perforations. It is missing its protective cover for the lock (lion's paw), which does not detract from the overall great appearance.
