The Athena Collection of Exceptional Quality Mint and Used Canada.

Sparks Auctions is proud to have been chosen to sell this remarkable collection. It will be sold in two parts, Part 1 on Saturday January 21st, 2023 and Part 2 on Saturday February 11th, 2023 and both sales are offered in a single print catalogue. This specialized collection ranges from the first issues of 1851 to just after World War II, including back of the book, regularly issued stamps, imperforate pairs, blocks and multiples, plate proof singles, pairs and blocks, as well as die proofs, progressive proofs, varieties and more.

Major highlights include an unused 3d red Beaver on laid paper, one of the only two known mint never hinged 12d black Queen Victoria imperforates, a used sheet margin 12d black Queen Victoria imperforate, and all three Admiral gutter blocks of the part imperforate coil blocks.

Just a few of the interesting varieties offered here are all of the inter-panneau imperforate tête-bêche booklet panes (Queen Victoria, King Edward VII and King George V), "Shilling mark", "Broken leg", "Inverted Seaway" (mint and used) and more.

The quality present is consistently very high, as the owner bought only the best from the most reputable sources, with cost not being an impediment. Below you will see a list of the lots with recent graded certificates. Many of the stamps in this sale will not be seen again for a long time, and these stamps are sure to be remembered and referenced for years to come, as "ex Athena collection".

The sale will be conducted both with a traditional live floor, and on StampAuctionNetwork, and we can also accommodate telephone bids.

Enjoy the sale, and good luck!

Symbols and Abbreviations

****** **never hinged** with original gum (NH also used)

***** **hinged** with original gum

(*) **unused without gum** either as issued, or having gum fully removed. This is normally further qualified in the description.

og **original gum**

⊙ **used** includes full range of postally used, cancelled-to-order, precancels.

XF **extremely fine** applies to stamps with exceptional quality and margins well in excess of what would typically be found. This term is used rarely and is not used by us on items usually only found this way.

VF **very fine** a stamp in superior condition which is well-centered and without fault.

F-VF **fine-very fine** applied to stamps that are somewhat less well-centered than very fine, while taking into account what may be considered as typical margins of classic material. The term has also been applied to multiples with individual stamps with range of grade or for larger lots/collections.

F **fine** stamps having perforations that do not cut into the design and without damaging faults. Items described as such may have slight detracting features such as short perforation tips or natural inclusion. Many better classic material naturally falls into this category and may be expected to command prices similar to those ascribed by catalogue values.

VG **very good** equivalent to "average". Typically with poor centering, heavy cancellation or faults such as minor thins, light creases, etc.

✉ **cover** which here embraces stampless folded letters (SFL), envelopes, first day covers (FDC's), stationery envelopes, etc.

PC **post card** applies to picture postcards, postal cards, stationery cards, etc.

E/P **essay, proof, die proof**

F **forgery**

UL **upper left** usually used to describe the corner of a sheet, block or individual stamp. The abbreviations UR, LR and LL are used similarly.

c.d.s. **circular date stamp** postmark

l.h. **lightly hinged**

v.l.h. **very lightly hinged**

h.r. **hinge remnant**

perf. **perforation** used in the context of "short perfs" or a perforation measurement, such as "perf. 12.0 x 11.5"

Est. **estimate** when there is no price guide for the item, this is our estimate of the final hammer price if there is average competition for the lot.

– **or /** used when describing a range of catalogue numbers, where "-" indicates the range is complete between two numbers, and "/" indicates missing one or more items.

Pence Issues Scott #1-13

- 1** E/P #1TCv 3d Beaver Plate Proof in Black, with Horizontal SPECIMEN Overprint in Orange, an upper sheet margin block of four from positions 5-6 / 15-16, on India paper, with a strong relief break on all four stamps. Small scissor cut in top margin only, very fine and scarce as a multiple.
..... Unitrade \$1,200

- 3** ☉ #1 1851 3d Red Beaver Imperforate on Laid Paper, used with crisp target cancel and bright colour, margins are large all around, with clear laid lines, very fine.
..... Unitrade \$1,600

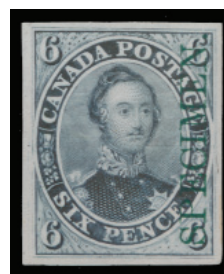

- 2** (*) #1 1851 3d Red Beaver Imperforate on Laid Paper, unused (with trace of original gum), with bright colour and sharp impression. The stamp possesses three large margins, and the bottom one just touches the outer frameline at right, fine-very fine.
- A very rare unused example of Canada's first stamp, as one census of mint and unused Three Penny Beaver on laid paper. Three Penny Beavers puts the number at about 20. Although this might be a little bit low, many of these mint and unused stamps are cut into or have faults, and some are in institutional collections. It is likely that fewer than a handful of sound number ones are available to private collectors. A rare opportunity for the mint Canada collector.
- Accompanied by a 1959 Royal Philatelic Society certificate issued to W. E. Lea, Esq.
..... Unitrade \$45,000

- 4 **E/P #2TCix 6d Consort Trial Colour Plate Proof in Black with Vertical SPECIMEN in Carmine**, an upper marginal single on India paper, very fine.

Unitrade \$350

- 7 **E/P #2TCvi 6d Consort Trial Colour Plate Proof in Grey with Vertical SPECIMEN in Green**, printed on India paper, very fine.

Unitrade \$375

- 5 **E/P #2TCi 6d Consort Trial Colour Plate Proof in Red Purple**, a right marginal block of four on card-mounted India paper, very fine.

Ex Bishop collection.

Unitrade \$1,300

- 8 **E/P #2TCxi 6d Consort Plate Proof in Grey Blue, with Vertical SPECIMEN Overprint in Carmine**, printed on card-mounted India paper, a gorgeous block of four with large margins plus sheet margin at left, very fine plus.

Unitrade \$1,400

- 6 **E/P #2TCvii 6d Consort Trial Colour Plate Proof in Dark Grey with Vertical SPECIMEN Overprint in Carmine**, a block of four on India paper, very fine.

Unitrade \$1,200

- 9 **#2 1851 6d Slate Violet Consort Imperforate on Laid Paper**, a used horizontal pair with light, centrally struck target cancels. An exceptional quality pair, with its fresh, bright colour and large, even margins all around. Adding to these desirable attributes is the fact that the vertical laid lines are quite clear, and there is also a horizontal vergé line across both stamps. Extremely fine, and surely one of the finest pairs in existence, catalogue value is irrelevant.

Accompanied by a 2008 Greene Foundation certificate.

- 12 **E/P #3TC 12 Queen Victoria "Scar" Die Proof in Violet Brown**, on India paper with huge margins (30 x 29 mm), clearly showing a "scar" in CE of PENCE. An extremely rare proof, with only one or two known examples in any colour, this particular colour being elusive, extremely fine. See image above.

Ex Sir Gawaine Baillie collection.
..... **Unitrade \$12,500**

- 13 **E/P #3TCi 12d Victoria and 10c Consort Composite Die Proof in Brown Purple**, measuring 71 x 49 mm, showing the "scar" variety on the "CE" of PENCE of the 12d. A very fine and extremely rare item, as we know of only 11 other composite die proofs, all in different colours. Certainly one of the greatest showpieces of this collection, and a great worldwide rarity. See image above.

Ex. Sir Gawaine Baillie collection (2006), where it had a crease at upper left, which has since been trimmed off.
..... **Unitrade \$40,000**

**** #3 1851 12d Black Queen Victoria Imperforate on Laid Paper**, a mint single with large sheet margin at right, possessing full original gum and never hinged, very fine.

Definitely the star attraction of this collection, being one of only two examples of this stamp with original never hinged gum, the other being the "Black Empress" which sold for US\$425,000 (plus buyer's premium) at Spink New York in 2011. The stamp offered here is the "sister" of the magnificent mint sheet margin example sold by Sparks Auctions in 2017 for C\$327,000, as it was formerly located just below it on the sheet, and was for a long time the bottom stamp of a famous sheet margin vertical pair. Only 1,450 were sold, and of those the Siegel census records only 17 mint singles with original gum, plus 4 pairs.

A first class world rarity, and if you are working on completing a mint never hinged collection of Canada, this is a unique opportunity to acquire what is one of Canada's rarest mint never hinged stamps. Catalogue value is for original gum only, and does not factor a premium for never hinged which should rightly be accorded to this superlative stamp.

Provenance:

This is the bottom stamp of the Charles Lathrop Pack vertical pair sold as lot 26 on Dec. 6, 1944 by Harmer Rooke in New York; Robert Lyman, who apparently bought the pair at a Mar. 11, 1959 Robert Siegel sale in New York, and who then cut the pair into two singles; Andrew Holtz, who bought it from a client of the above ca. 1986, and whose name appears on one of the accompanying certificates; Arnold Nyman, who bought it from Holtz at a stamp show in Helsinki, Finland in 1987; Saskatoon Stamp Centre, who bought it at a David Feldman auction in 2008; Current owner, who bought it from above in same year.

Accompanied by a 1986 Greene Foundation certificate issued to A. G. Holtz, as well as a fresh 2022 Greene Foundation certificate.

..... **Unitrade \$320,000**

- 17 * #4a 1853 3d Brown Red Beaver Imperforate, mint with full original gum, lightly hinged. An outstandingly fresh stamp, with bright colour and crisp impression, not to mention its four large margins, extremely fine. A lovely example with tremendous eye appeal.

Accompanied by a 1947 letter from Jim Sissons, unconditionally guaranteeing the stamp for its new owner, Mr. Isaac Pitblado, as well as a 1983 Greene Foundation certificate.
..... Unitrade \$4,200

- 18 ☉ #4a 1852 3d Brown Red Beaver Imperforate, used with a 4-ring #19 cancel from London, deep rich colour and four large and even margins, extremely fine and fresh.
..... Unitrade \$350

- 19 * #4d 1852 3d Orange Red Beaver Imperforate on Thin paper, mint with full original gum, lightly hinged. The stamp has four well clear to large margins and bright colour, and shows light natural wrinkling, caused by the gum crackling, typical of this thin paper, not mentioned in the certificate. Very fine.

Ex "JAL" collection and accompanied by a 2009 Greene Foundation certificate.
..... Unitrade \$4,000

- 20 ☉ #4ii 1852 3d Orange Red Beaver Imperforate, used with a centrally struck datestamp from London U.C, dated SEP.30.1856. Margins are mostly very large, showing part of the next stamp at left, very fine. Pence era stamps with dated town cancels are rare.

..... Unitrade \$350

- 21 ☉ #4vii 1852 3d Red Beaver Imperforate on Thin Paper, with Major Re-Entry, a used vertical pair (positions 37 and 47) with target cancels, the lower stamp showing the major re-entry (doubling of almost entire stamp, especially all four 3s and bottom frameline), very fine.

Accompanied by a 2001 Greene Foundation certificate.

Accompanied by a 1999 Greene Foundation certificate.

..... Unitrade \$4,000

- 26 ☉ #5i 1855 6d Slate Grey Consort Imperforate with Stitch Watermark, used with 4-ring #21 cancel from Montréal. Margins are mostly full to large, clear of outer frameline at bottom, and the stamp shows a very clear stitch watermark, which occurs when the mesh used in manufacturing the paper is repaired, leaving a seam that is then transferred to the paper. A rare variety which is seldom offered, and would make an interesting collecting sideline, very fine.

Accompanied by a 2006 Greene Foundation certificate.

Ex Bishop collection.

..... Unitrade \$1,200

- 30 **E/P #8Pi 1/2d Queen Victoria Plate Proof in Rose, with Vertical SPECIMEN Overprint in Green Black**, a block of 60 from left of sheet, printed on card-mounted India paper. The block shows plate inscriptions at bottom, top and two at left. There are at least two major re-entries, as well as several more interesting small plate flaws. Lower left corner has a crease (in margin), the bottom row is slightly affected by a horizontal bend and there is a nick in the margin at top right, still an impressive large block and overall very fine. Catalogue value does not include premiums for the 4 plate imprints or the re-entries.

Shipping Information

Please note that items will be shipped by the least expensive method below unless other arrangements are made between the buyer and Sparks Auctions in advance of shipping. Buyers are responsible for insurance on all shipped lots.

All shipping methods are subject to the current regulations and protocols of the shipping provider, which can change from time-to-time in response to various conditions outside the control of Sparks Auctions. To maximize shipping efficiency and minimize cost to the buyer, some lots may be shipped without multi-ring binders or other bulky housing mentioned in a lot description, or by combining the contents of multiple housings into fewer of them.

Within the National Capital Region:

- Normally, it is expected that local residents will arrange for pick-up from our office, by appointment only.
- Shipping can be arranged using the "Within Canada" methods described below, or by other means if specific arrangements are made between the buyer and Sparks Auctions.

Within Canada:

- Single or multiple lots that fit into one or more regular Canada Post Xpresspost labeled envelopes will be shipped by that method with signature required. These lots will be charged postage only but not a handling, packaging, or insurance fee.
- Cartons and larger lots will normally be shipped by parcel post or FedEx with signature required. If bulky lots have a value in excess of \$1,000 they will be shipped by Xpresspost with signature required. This category of lots will usually be charged an additional handling or packaging fee.

To the USA:

- Single or multiple lots will be sent by Canada Post with signature required and no extra handling, packaging, or insurance fees.
- Cartons and larger lots will be shipped by Canada Post parcel post or FedEx Ground with signature required. This category of lots will usually be charged an additional handling or packaging fee.

Overseas:

- Single or multiple lots will be sent by Registered or Xpress Mail with signature required and no extra handling, packaging or insurance fees.
- Carton and larger lots will be shipped by pre-arrangement only. We

1. Advance Bidding

We accept bids in the time-honoured tradition before the auction starts:

- b. you can fax us a printed bidsheet (included with the print catalogue and also available for download from our site) to 613-567-2972.
- c. you can call our office at 613-567-3336 or use our North American toll-free number is 844-252-2032.
- d. you can email your bids to info@sparks-auctions.com. Simply provide the lot number and your maximum bid in Canadian dollars.

Please use the following bidding increments:

\$200 - \$800	\$25	\$15,000 - \$30,000	\$1,000
\$800 - \$1500	\$50	\$30,000 - \$100,000	\$2,000
\$1500 - \$3000	\$100	\$100,000 - \$500,000	\$5,000

All bids not conforming to these increments will be rounded down to the previous increment.

If two identical bids are received for a particular lot, the bid received earliest will prevail, regardless of how the bid was received.

2. Telephone Bidding

We can arrange for you to participate in the sale via telephone. Phone bidding must be arranged at least one day in advance so we can assign a staff person to call you at the time the lots you want come up for sale. Often, telephone bidding is best for more expensive items. If telephone bidding is not convenient, we encourage bidders to engage an agent, or to use live bidding on Stamp Auction Network to make sure their bids are executed in the way they would like. Please see below for more information about live bidding or contact us for more information at 613-567-3336.

Sparks Auctions reserves the right to refuse telephone bidding at any time. Sparks Auctions will not be held responsible in the event that a telephone bidder cannot be contacted or does not have reliable service.

3. Auction Agents

Having an agent act for you is a good way to make sure your bidding intentions are well-represented if you cannot participate in person or through live bidding via Stamp Auction Network. Auction agents can view material, when public viewing is an option. The following agents are knowledgeable, experienced auction buyers known to Sparks Auctions and familiar with our sales. Please contact one of them, or your own existing agent directly to make arrangements suitable to both parties. Sparks Auctions is not responsible for a bidder's relationship with any agent. Agents: please contact our office at least two days before the start of a sale to make arrangements for your clients to be billed and to have their winnings shipped.

Valuation of Lots

Catalogue values are listed for many lots in the sales. These are the best available guides to the retail price of a single stamp or set, provided that the item(s) are the same quality as the standard described in the introduction to the catalogue.

In this sale, we used Unitrade Specialized Catalogue of Canadian Stamps (2022 and 2023) with values shown in CAN\$

"Estimates" ("Est.") are used when there are multiple factors to consider and to identify what we believe the lot might sell for when there is reasonable competition for it.
